The Clarendon Lady Broncos beat Gruver, 40-36, Tuesday night as the Enterprise went to press and won the Regional Quarter-Final Championship.

Visit our website, ClarendonLive.com, for the latest playoff information.

Congratulations, Lady Broncos!

Blood drive to be held next Tuesday

The Coffee Memorial Blood Center will hold a Clarendon Community Blood Drive on Tuesday, February 28, from 2:00 to 7:00 p.m. in the Clarendon College Bairfield Activity Center.

Every eligible donor who presents to donate will receive a t-shirt. You must be 17 years old and have a photo ID or donor card to donate.

For an appointment, please call 331-8800 or 1-877-574-8800.

Chamber plans social this Friday

The Clarendon Chamber of Commerce will host a Business After-Hours social for Chamber members and prospective members next Friday, February 24, from 5:30 to 7 p.m. at City Hall.

Chamber officials are asking members to come and network with each other and share ideas. The Chamber is restructuring and reorganizing, and upcoming events will be announced.

GOP forum to be held February 23

Donley County voters have the change to meet and greet the four men running to represent this area next year in the Texas House of Representatives during a forum at the Bairfield Activity Center on Thursday, February 23, at 6:45.

Following the meet and greet, each candidate will have an opportunity to express their ideas about our needs beginning at 7 p.m. After each man has spoken, there will be an opportunity for questions from the audience.

City okays requests for hotel tax funds

By Roger Estlack & Fred Gray

The Clarendon Board of Aldermen approved to requests for Hotel Occupancy Tax funds during its February 14 meeting.

The board approved the use of \$2,100 of Hotel Occupancy Tax funds by Danny Mullins to help fund a Spring musical worship service, with attendees traveling to Clarendon from out of town and out of state.

The Council also approved \$5,000 of Hotel Occupancy Tax funds be granted to Clarendon College for the annual FFA/4H invitational judging competition this spring. This event consistently pulls in more revenue to the city and county than any other event, including the July Fourth celebration. Local merchants spoke in favor of this proposal.

Citizens ask city to leave airport name alone

By Roger Estlack & Fred Gray
The Clarendon Enterprise

A proposal to rename Clarendon's Smiley Johnson Municipal Airport ran into heated opposition when the Board of Aldermen met in regular session February 14.

Extra chairs were set out to accommodate the unusually large crowd, and local resident Abby Patten took the floor during public comments to speak against removing Johnson's name from the airport.

"I remember going to walk at the airport with my grandpa and remember his oxygen tank bouncing up and down because the runway was rough and rocky," Patten said. "Then Smiley Johnson came to town. He poured his heart and soul in to the airport, got grants, and worked

with his hands to improve it."

Patten outlined the work Johnson did on the airport, called the notion of taking his name off the airport "disrespectful," and asked if the city might also rename McClellan Field, Hart-Moore Field, or the Burton Memorial Library.

Enterprise editor Roger Estlack also spoke against the name change, calling Johnson a good man who had publicly stood up for a young editor at a time when no one else would.

Later in the meeting, Mayor Larry Hicks said he had wanted to rename the airport for the late Dr. Charles Deyhle, who had been a longtime supporter of the airport.

"This was my idea, and I didn't mean for it to be big deal," Hicks said. "Chuck Deyhle was a real good

friend of mine, and he did a lot for the airport, and I thought it was fitting."

The board agreed to take no action on the airport name, and the mayor said he hoped that was a suitable solution because he did not want to do something that would get everyone upset.

According to ENTERPRISE files, Smiley Johnson was a member of the Board of Aldermen from May 2000 to October 2001. He was among a group of men who worked to furnish a pilots' lounge to provide a resting place for travelers, and he helped efforts to have a water well installed at the airport. He also was instrumental in acquiring a tower on which to re-mount the signal beacon. Johnson's biggest contribution to the air-

port was considered to be his work in obtaining a state grant worth more than \$800,000 to make improvements at the facility. The former alderman did much of the legwork to secure the grant, and then mayor Tex Selvidge said Johnson made several trips to Austin at his own expense on behalf of the city.

The city renamed the airport Smiley Johnson Municipal Airport/Bass Field in his honor in April 2004 while Johnson was in hospice care suffering from cancer. He died the following month at the age of 69.

The name "Bass Field" remains attached to the airport in honor of John M. Bass, the former owner of the land acquired in the early 1990s to extend the runway.

In other airport news last week,

Aldermen approved a resolution authorizing the city's participation in a Texas Department of Transportation Aviation Division grant. The \$80,000 grant would develop a new airport layout plan that City Administrator Lambert Little said could then be used to pursue other grants. The city would have to put up ten percent of the money, but city officials say that money is already set aside in the airport fund.

Little also presented several housekeeping items related to the grant, including the creation of a committee to evaluate a new Airport Layout Plan, for the aldermen's consideration. These items were approved, and the city's existing airport advisory board will serve as the committee for the grant.

Lady Broncos slam Sunray in Area round

By Sandy Anderberg

The Clarendon Lady Broncos fought hard against Sunray in Amarillo on Friday night and deservedly earned the Area Championship with a big win over the Lady Cats at 52-41.

They handled everything Sunray threw at them and were determined to go to the next level in the playoffs.

The ladies went on a scoring

frenzy in the second quarter of play sending Sunray a statement of their determination. Holding a 13-point lead at the break gave the Lady Broncos a huge boost to continue on and stun the Lady Cats to get the win.

"I thought we played really hard and were able to get stops on defense," coach Molly Weathered said. "Sunray had some really good shooters and went on a run early in the fourth (quarter). I never felt my

girls panic. They kept their composure and got it together. I was very proud of our effort."

McKayla Cartwright and Ryann Starnes were solid inside and played a clean game underneath scoring 18 and 9 points for the Lady Broncos.

Deborah Howard took control of the ball for Clarendon and her 10 points helped to put them over the top.

Jentry Shadle hit two crucial

three pointers to add eight, and Anna Cenicerros and Trevela Dronzek added four and three to help with the win. Every part of their game was on, but they were slowed somewhat at the free throw line only shooting 42 percent.

The Lady Broncos will have played the regional quarterfinals against Gruver before press time. Visit ClarendonLive.com for playoff updates.

CC basketball returns to D1

The Clarendon College Bulldog Basketball Teams are making a return to compete in the toughest junior college conference in the nation next year.

"After approval from the National Junior College Athletic Association as well as the Western Junior College Athletic Conference, and with final approval from the Clarendon College Board of Regents, the basketball programs will move to NJCAA Division I competition starting next year," CC Athletic Director John Green said. "I am thrilled we are making this move back into DI status."

Some of the reasons for this move include that during the last three years there has been a reduction of DI programs in close proximity to Clarendon College. To

remain DI would have required a lot more travel and overnight stays. The closest DI basketball college was farther away than the farthest WJAC DI basketball college.

"The level of competition our teams were forced to play included way too many JV teams," Green said. "We had lost our identity as being one of the toughest home court advantages in NJCAA DI competition. We will return to the glory days of the conference games."

"I am excited to promote doubleheader basketball coming back to Clarendon," Green said. "A night of fun and exciting basketball complemented with activities, events and contest will create the best show in town."

The conference, region and
See 'CC' on page 3.

Cans for critters

Hedley Second graders were at Critter Care in Childress last week. The kids gathered cans of food during the first 100 days of school, and then took it to the shelter as a way to learn about community service.

ENTERPRISE PHOTO / KARI LINSEY

Greenbelt continues studying water wells

Greenbelt Municipal Water Authority continues to investigate acquiring new sources of water following the regular meeting of the Greenbelt board last Thursday, February 16.

The authority is looking at two sources that could supplement the dwindling supply in the Greenbelt Reservoir. The first is a location downstream from the reservoir's dam, and the second is a series of wells formerly used by the City of Clarendon.

The authority's general manager, Bobbie Kidd, told the board that Greenbelt had gotten into four of the city's wells since the board's January meeting.

"All we know for sure is that there is water there, but we don't know the quantity of water or condition of the casing," Kidd said.

Last month, the Clarendon Board of Aldermen approved a resolution allowing Greenbelt access to its former wells, which haven't been used in more than 40 years. Greenbelt then had geologist Raymond Brady examine the wells.

Kidd said three city wells were identified as possibly being suitable for development. Greenbelt's next steps will be to put a camera down the wells to inspect the casing and to test pump the wells.

If Greenbelt chooses to develop the Clarendon wells and construct a pipeline back to its filter plant, the city would be compensated for the work. Greenbelt Chairman Don Welch of Crowell asked about the cost of the city's water, and Kidd said an engineer would be able to set a cost for the water.

Clarendon's Greenbelt representative Gary Campbell said he felt that supplying water was the most important issue.

"The important thing is that all five of our cities need water now," Campbell said.

Kidd said the studying of the well casings and test pumping should be completed before the Greenbelt board meets next month.

Time is now to reorganize the Chamber

Our Chamber of Commerce is at a crossroads, and what happens in the next few weeks and months may well determine if the organization survives or is even worth saving.

Nearly a year since the City of Clarendon pulled the plug on the Chamber's number one source of funding, \$20,000 in hotel occupancy tax monies, the organization is now making attempts at restructuring itself. And as part of that process, Chamber members are invited to attend an "After Hours" Social at City Hall this Friday evening. This will be an opportunity for businesses to get together for networking purposes and to make their feelings known about the Chamber itself.

This is a step in the right direction, but the Chamber of Commerce has a long ways to go before it becomes a driving force to enhance business and tourism activity. The organization has several flaws that it must overcome to regain its sense of purpose and earn the trust of members and potential members.

It has been a tumultuous twelve months for the Chamber. It ran afoul with the City over record keeping. Its longtime executive director retired, and numerous board members – a majority in fact – resigned, and, as the year progressed, the organization found itself operating without a president. Remaining board members seemed to be at odds over the cause of the Chamber's weaknesses and what to do next.

The Chamber didn't find itself in this mess in just a year. For a long time, the Chamber functioned outside its by-laws, and the board as a whole did a poor job of exercising any control over the direction or operation of the organization. The results were disastrous.

Now, the time has come to write a new chapter in the Chamber's nearly 100-year history. The City and the Clarendon Economic Development Corporation this month agreed, in principle, to combine their resources and hire a professional to lead tourism and economic development in Clarendon. The job description and the details are still in the formative stage, but it is intended that this person would be available to help the Chamber get back on its feet. However, for positive change to come about, local business men and women need to come together and encourage some much needed reforms. And here are a few that should be implemented.

Formally Reorganize: There is a lot of bad blood in the Chamber's recent past – too much "he said, she said," too much petty bickering, and too little faith that the organization can function in a way that makes our community proud. There is also the problem of the bylaws. So let's draft some new ones, hold a formal meeting of dues-paying Chamber members, and start fresh. Adopt the new bylaws, and allow members to elect a new board comprised of local business men and women dedicated to promoting our community and enhancing the opportunities that exist here. Put any plans for a 2012 Chamber Banquet on the back burner this year and focus on getting this ship back on course.

Restore the Chamber Name: When the current bylaws were adopted in the 1980s, the organization became known as the Clarendon-Donley County Chamber of Commerce. That's a mouthful and a bit confusing. Let's return to the traditional name of the Clarendon Chamber of Commerce. It's simpler, more recognizable, and more marketable. It is also reflective of the fact that a majority of businesses – and therefore members – are in the City of Clarendon, and it also acknowledges the hope that a sizeable portion of Chamber funding comes (hopefully again) from City Hall. Of course, businesses from all over Donley County would be welcome members, and the Chamber would naturally promote the entire county; but for simplicity's sake and recognition's sake, the original name is preferable.

Hold a Membership Drive: As part of the adoption of new bylaws, a new dues structure should be developed based on the number of employees a firm or non-profit organization has. Then every employer and every self-employed person in and around Clarendon should be asked, invited, and encouraged to join the Chamber of Commerce. An associate membership should be created for individuals who do not formally represent a business or non-profit employer, and these "Friends of the Chamber" could show their support for Chamber activities by paying low annual dues but not be eligible to vote or hold office in the organization.

Focus on the Purpose: Promotion of tourism is a vital role for the Chamber, but it is not the only role. It is not, after all, the Chamber of "Tourism." Therefore the organization needs to hold multiple socials like the one this Friday to find out what it can do to promote commercial activity and opportunities for our businesses. One of the Chamber's most successful endeavors was the creation of the Christmas Cash program back in the late 1990s. The zero-interest loans from local banks kept literally thousands of dollars in the local economy each holiday season. But over time the Chamber came to regard administering the program as a bother and spun it off. Last year, there was finally no one to volunteer to run it, and the program died. Sales tax revenue for the City of Clarendon from December sales was down about \$10,000 compared to one year ago. Coincidence? Unlikely.

In a recent report to the City, Chamber board members expressed their wish that they had been able to help out during the Downtown Merchants' Black Friday promotion after Thanksgiving. One board member said, "If we had been more organized, we could have had our office open and passed out candy canes and served refreshments." What the merchants really needed was someone to help coordinate their efforts, someone to listen to what they were trying to do and build on it. They needed a functioning, professional Chamber of Commerce... and a well administered Christmas Cash program wouldn't have hurt either.

Opportunity abounds: Despite its troubles, Clarendon has a lot going for it. The city deserves a Chamber that makes it proud and puts forth the best welcome mat for tourists and new businesses. The existing board has taken the first step to creating a better Chamber of Commerce. Now it is up to the members. Let's all show up at City Hall at 5:30 Friday and make it happen.

editor's commentary
by roger estlack

Clarendon is the right place to be

Beginning with this edition of THE CLARENDON ENTERPRISE, I will be writing a weekly opinion column, assuming of course that I am able stay in everyone's (particularly Roger's) good graces. I am blessed with a plethora of opinions regarding our pesky politicians, stupid social peccadilloes, corporate misconduct, and outrageous Wall Street behavior.

This column will address these issues, in addition to other concerns that I find to be morally and socially suspect. The title of this column is "The Quick, the Dead, and Fred."

The Fred part is me, Freddy Leonard Gray. Regarding the title of this column, the word "quick" means fast or smart, while the word "dead" means slow, or dumb. I usually fall somewhere between these two points. In some realms I am smart, in others I am dumber than a sack of roaches, and about as useful.

Back in the halcyon days of 1948, when Clarendon's streets were smooth and well maintained, and the central business district was crackling with

commerce, my mother, Frieda Putman Gray, gave birth to me at the Saints' Roost Museum. Of course, she had plenty of help from her mother (Terra Putman), a crack nursing staff, along with a few suggestions from Dr. Stewart - which she promptly disregarded, lest his professional ministrations unduly interrupt her labor pains.

Perhaps my father, Jack E. Gray, was proudly handing out cigars in the waiting area. More likely, he was asleep in the delivery waiting room, since I was born at 1:37 a.m. It is doubtful that few, if any, people rushed down to the hospital to smoke a celebratory stogie with Dad.

Now, my family is very supportive, so it is possible that Aunt Joan and Uncle Bob (Kidd), Aunt Yvonne and

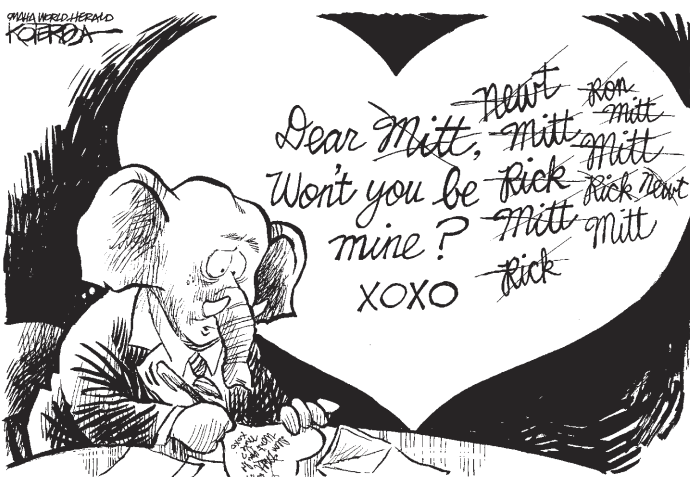

the quick, the dead, & fred
by fred gray

Uncle Raymond (King), Aunt Norma and Uncle Junior (Putman), and maybe Aunt Lillian and Uncle Earl (Easterling) all rushed down to participate in the festivities surrounding my entrance into the world. Realistically, Dad was probably alone as he was there at all. He could have stayed home with my older brother, Barry, tucked in his nice warm bed, dreaming exciting dreams about the future exploits of his second son.

When my family moved to Lubbock at the end of my fourth grade year, I knew that I would someday move back home to be with my family and my people. I love rural Texas, and I particularly love the people, the culture, and the wide-open spaces of Donley County. Even though more than half a century has passed, I am finally home and glad to be here, where I belong.

I hope that you all, our readers, find this column to be both enlightening and educational. Feel free to let me know how I am doing. I am excited about this endeavor, and fervently hope that everyone enjoys my modest contributions to the life and fabric of our community.

Let's set a former politician free

By Steve Fischer

In the 1972 election for Texas Governor, Ramiro (Ramsey) Muniz, Corpus Christi and Waco attorney and his La Raza Unida Party won 214,000 votes (6 percent) versus Dolph Briscoe (Dem) and Henry Grover (GOP). In Donley County, four people voted for him.

On this 30th anniversary of that election Mr. Muniz celebrates his own 70th anniversary at the Federal Penitentiary in Beaumont, Texas. Muniz, a college football star and a Baylor law graduate, is serving life without parole for his third strike against our drug laws. He was sentenced in 1994.

I am certainly not the first to write about this. The Internet is replete with editorials most by leftist and/or ethically motivated organizations, such as The Prison Abolitionist and Chicano Mexican Prison Project that proclaim Muniz's innocence and denounce those who "framed" him, demanding his release. It's hard to discern the actual facts when they are obscured by hate and covered with venom.

According to his supporters, his 1994 and final conviction was a government set-up. "Three strikes you're out" means there were two other drug offenses, so was every pitch a "foul"?

I've been both an elected district attorney as well as a defense lawyer and although anything is possible, it's hard to believe that Muniz was never guilty as charged. Muniz can't claim he had an ineffective court-appointed attorney, as Dick De Guerin defended his last case.

In 2012 where many, including a presidential candidate, are advocating drug legalization; past drug offense shouldn't be shocking. Presidents Clinton, Bush and Obama and scores of others admit to such. Muniz however, in his last conviction was said to be in possession of a trunk full of cocaine. I wouldn't expect this from a successful attorney, but who really knows?

Even if guilty, so what? According to a Texas Criminal Justice Policy Council Report the average time served for conviction of an Aggravated Violent Offense in 1994 was 5.85 years. Non-violent offenders served less; an average of 3.74 years. In other words, of the majority of 1994 convicts, even violent offenders, were free in 2000.

Is Muniz a risk? A United States Justice Department Study "Trends in Parole" found that age is among the most reliable predictors of recidivism. Whereas over 50 percent of 18-29 year-old offenders return to prison, among

those over 55 the rate was 2 percent. Muniz didn't live the life of a criminal. He was active in the "Model Cities" program, Head Start and Drop-out prevention programs. While many in prison promise they will do good deeds if released, Muniz spent his pre-prison career working on youth programs. I cannot imagine why someone who tirelessly advocated for youth education would also be involved in the drugs that destroy them.

What I do know is Ramiro Muniz turns 70 in this, his 18th year of incarceration. Society is safe from Muniz and further prison is a waste of our money. I never voted for Muniz for Governor, but I do acknowledge his place in Texas history. Let Ramsay Muniz out of prison to live his remaining years with his family and those who believe in him.

President Obama—This decision isn't about re-election polls, it's about time.

Rockport Attorney Steve Fischer is an elected director of the State Bar of Texas. He has been Willacy County & District Attorney, and a Professor of Criminology at the University of Texas – Permian Basin. He has practiced in Denton, Huntsville, El Paso, The Rio Grande Valley and several other parts of Texas.

Wed: Ham, potatoes, green beans, fruit, roll, milk.
Thu: Beef nachos, pinto beans, salad, fruit, milk.
Fri: Pizza burger, salad, tator tots, fruit, milk.
Hedley ISD
Mon: Hamburger steak, baked potato, rolls, pineapple tidbits, lettuce & tomatoes, milk.
Tue: Hot dogs, chili, & cheese, corn, salad/dressing, pineapple chunks, milk.
Wed: Steak fingers, green beans, mashed potatoes/gravy, salad, fruit, milk.
Thu: Sliced turkey, savory green beans, rolls, brownies, sliced peaches, milk.
Fri: Cheese burger, oven fries, lettuce, tomatoes, pickles, onions, fruit, milk.

Hedley residents celebrate recent birthdays

We have some birthdays to celebrate, and I have listed addresses in case anyone wants to send a card. Happy birthday to my brother, Jack Spier, (February 17 and 61 years). You can write him at 119 SW Moody, Burleson, TX 79068. I can't believe he has made it this long especially the way we used to fight when we were younger. He was (and still is) the "little brother," but I love him.

Margaret Holland will turn 90 on March 2. She's at Coronado Nursing Center, 1504 Kentucky Room 506, Pampa, TX 79065. Patsy Spier will turn 83 on March 4, and she is PO Box 119, Hedley, TX 79237. Don Blanks will turn 90 on March 27, and I know he would like to hear

from you, and he's at 1020 Tascosa Road, Amarillo, TX 79124. Mary Ruth White, who is wonderfully ageless and can be reached at PO Box 197, Hedley, TX 79237. Jim Copeland turned 55 on February 17, and there was a great party for him at the Lodge with BBQ & Beer. We all had a great time. I didn't get to go, but I understand the "Mardi Gras" dance was a success. Lots of dancing and music and a great time.

New Arrival

Rick and Amanda Beaudoin of Clarendon, Texas, are proud to announce the birth of their son, Leelann Wayne Beaudoin. Leelann was born February 7, 2012. He weighed 5 pounds, 15 ounces and was 18 inches long. Big sister Stephanie and big brother Aidan were proud to welcome their new little brother Leelann to the family.

Recipe: Cheesy Potato Skin
Pizza: 6 medium-size russet baking potatoes, Salt and pepper to taste, 2 1/2 cups favorite pasta sauce, warmed (we used meat-based). Suggested toppings: chopped olives, chopped green peppers, sliced and sautéed mushrooms, 1/2 cup grated Parmesan cheese, 2 cups grated mozzarella or other pizza cheese. Heat your oven to 400°. Scrub the potatoes, poke them with a paring knife, then bake them for 50 to 60 minutes, until they're tender at the center. Cool the potatoes briefly, then leave them lengthwise and scoop out most of the flesh (use it for mashed potatoes), leaving a thin potato wall. Cool the skins. If you're not prepar-

ing the pizza the same day, refrigerate them. To continue preparing the pizza the same day, heat your oven to 400°. Arrange the skins on a well-greased baking sheet, radiating out like the spokes of a wheel, as shown. Cut some skins in half the long way and tuck them into the gaps between the whole skins. Lightly salt and pepper the insides of the skins. Spoon the sauce into the skins, dividing it equally. Sprinkle one or more toppings over the skins, if desired, then cover them evenly with the Parmesan cheese. Sprinkle with the mozzarella. Bake on the center oven rack for 15 minutes. Cool for several minutes, then serve. Makes 5 to 6 servings.

New Arrival

Chance and Lindsey Henson of Tuttle, Oklahoma, are proud to announce the birth of their son, Colton Hadley Henson. Colton was born January 4, 2012. He weighed 8 pounds, 1 ounce and was 20 inches long. Proud grandparents are Mark and Tammy Brinson of Hedley and great-grandmother Dorothy Brinson of Clarendon.

Businesses bring change to town in 1911

By Jo Shaller

The year in 1911 in Clarendon saw new businesses opening right and left. Some moved on in a few years and some planted deep roots and ended up with their proprietors planted in the Citizens Cemetery.

"We call your attention to the large display advertisement of Headrick and Son who have purchased the stock of P.R. Keyes Hardware Company located in the Connally Building. Both (Milton William and James Henry Headrick) are experienced business men and have been in business for many years and in this territory some five or six years at Wellington and Memphis and their intimate knowledge of the hardware trade in general and the trade of this territory specifically qualifies them to successfully meet the demands of the trade and they expect to carry complete lines of all goods the trade demands and they ask a continuance of the patronage of those who have heretofore been customers of the house and desire all the people to call and get acquainted and price the goods when they need anything in their line." July 22, 1911

Did anyone else notice how long the last sentence of this announcement is? Wouldn't you love to be assigned to diagram that jewel?

Oh, yes, I forgot only old timers know anything about diagramming sentences.

"M.H. Headrick, the hardware merchant, this week moved his family to Clarendon and is occupying the Mrs. Hugh Brown place opposite the Episcopal Church on West Second Street." July 29, 1911

Thirty one year old Jim Headrick arrived in Clarendon in the summer of 1911 in partnership with his father's hardware store. Jim Headrick would later marry the school teacher, Mertie Cope, who was eight years his junior. The pretty brown-eyed school teacher, Miss Cope, had caught moved his family to Clarendon and is occupying the Mrs. Hugh Brown place opposite the Episcopal Church on West Second Street." July 29, 1911

Thirty one year old Jim Headrick arrived in Clarendon in the summer of 1911 in partnership with his father's hardware store. Jim Headrick would later marry the school teacher, Mertie Cope, who was eight years his junior. The pretty brown-eyed school teacher, Miss Cope, had caught the attention of another very eligible bachelor, one of the town's dentists. The June 24th issue reports that "W.W. Taylor and wife, C.C. Mitchell and

wife, Roy Beverly and Miss Kate Wiley and Dr. P.F. Gould and Miss Mertie Cope, who formed an automobile party and went away up on the Canadian river for a two weeks outing arrived home Tuesday night and Wednesday morning. Mr. Taylor sold his auto (on the trip) and took the train for home. Dr. Gould agreed to beat the train into Clarendon and was doing so splendidly until all at once a tire burst and his party was until after midnight getting in; nevertheless, they all report a delightful outing and are anxious to go again."

I have two comments on this article. 1) I questioned the terminology of the tire bursting instead of blowing out and was told that at that time tires were not filled with air. Do I have a confirmation on this auto trivia? 2) When Mr. Taylor sold his auto, Dr. Gould had the only automobile in Clarendon. That decorated car was a main attraction in the 1911 Fourth of July parade.

September 4-8th the Clarendon School system held a Teacher's Institute. On Thursday September 7th, Miss Mertie Cope presented a program to the other teachers on The Daily Preparation of a Teacher. The school administration had described this "In-service" as a "mutual exchange of views as to the

best methods of teaching and school management" and admonished the faculty that: "since the law provides pay for Institution week, it is proper that you (teachers) put in 5 full days of 7 hours each". Can you believe that teachers could be tempted to skip in-service sessions? Perhaps you will recognize some of the 1911 School Board members' names: A.W. McLean, W.A. SoRelle, R.H. Alexander, Charles Baldwin, E.F. Bryan, T.F. Connally, and A.J. Williams.

Obviously the new hardware store owner out courted and wooed the beautiful young Mertie, and my favorite elementary school teacher choose to marry Jim Headrick. Mrs. Headrick would continue to teach in the CISD until the 1950s. She also taught in the Primary Department of the old First Baptist Church for many years. Mr. Headrick was the City Night Watchman in his later years. He walked the nightly beat and checked doors of businesses over town to be sure they were well locked. Their two sons graduated from college and went to the Washington, D.C. area where they were both scientists. Now you know the rest of the story of the James Headrick family.

Invitational art sale items available in online catalog

CANYON – Now in its 13th year, the Panhandle-Plains Invitational Western Art Show and Sale sponsored by the Friends of Southwestern Art boasts an online catalog available for those who want museum-quality art but can't make it to the show and sale in person.

The catalog can be seen at panhandleplains.org. Maurice Berson, Compositional Sketch for Killamey Calf

The event kicks off on Saturday, March 3 with an artists' reception at 5:30 pm and the fixed-price sale at 6:00 sharp. Any pieces not sold will be available for purchase until March 24.

The online catalog will be updated in real-time to reflect the pieces that have already been purchased.

The show provides the only museum-quality art venue for contemporary artists in the region, featuring some fifty notable artists such as Jack Sorenson, Ruth Solter, Veryl Goodnight, Mich Doellinger, Amy Winton, Marilyn Yanke, Kenny McKenna, Kim Mackey, Jim Ward and Garland Weeks.

The art prices range from \$500 to \$5,000.

The proceeds from the Invitational are used to purchase and conserve additions of fine, historic Southwestern art for the PPHM collection.

Past Invitationals have funded the purchase of works of art by W. Herbert Dunton, Victor Higgins, Gina Knee and Walter Mruk.

THC programs help nonprofits raise money

AUSTIN – Do you have the tools to catch a prospective donor's interest in your organization—and keep it?

The Texas Historical Commission (THC), with support of the Friends of the THC, will again be hosting the popular Development Seminar Series especially suited for small organizations with limited staff, such as small museums, historic preservation organizations, County Historical Commissions, and other nonprofits.

The Austin workshops are designed to help participants with effective fundraising techniques, grantsmanship, and strategies for planning organizational fundraising. Instructors have been coaching participants in these practices for nearly three decades and will be offering the popular Texas Grant Writing Workshop, among others.

Registration ends March 2 for the March 6-8 sessions that include Development 101: Understanding How to Secure Financial Resources for Your Nonprofit; Grant Writing Workshop; Understanding Special Project Funding; and Strategies for Developing a Supportive Community: Social Media, Membership and Special Events.

Paducah plans Pioneer Day for March

It is time for the Annual Pioneer Day Event in Paducah on Saturday, March 10.

The activities begin with the Cowboy Breakfast at 8 a.m., in the Veterans Memorial Building, followed by the beginning of the day's activities at 9 and ending that night with the dance featuring the Maines Boys. There will be several things to choose from at 9a.m. such as the Quilt show, showcasing beautiful quilts new and old, including the one being raffled that some lucky ticket holder will be taking home later that afternoon. Vendors will be selling their wares in the Norris Building beginning at 9 also. Maybe viewing the Heritage Photo display and photos from the former surrounding communities and schools in the court-

house is what you have in mind for early in the day. Speaking of former schools, you might prefer a visit to the Heritage Museum just a short trip north of the square, where the "Schools of Cottle County" exhibit is being revamped and enhanced thanks to the Texas Historic Commission's partnership grant awarded to the museum for 2011-12. Visitors may want to wait though until closer to noon to visit the Museum since beans and cornbread will be served to those who come by during lunch through early afternoon, while BBQ sandwich lunches will be available at the VMB. If really hungry, how about both? Maybe you'd rather have hamburgers made and sold by the Paducah Volunteer Firemen, or some other treat found at one of the

food vendors or local café/restaurant. Other things to do early morning and throughout the day include stage coach rides, and tours of the old Cottle County Jail that is being remodeled to serve as the Paducah Visitor Information Center and museum featuring Quanah Parker's connection to the area, as well as law enforcement memorabilia. Check out The Quanah Parker Trail Giant Arrow #7 that is located by the jail. Kids can enjoy free bounce houses on the courthouse lawn, while parents check out the Sweet Shoppe and demonstrations in the former ME Moses' building, roping demonstrations, reenactment shows, have their photos made in costume, visit the longhorns and maybe get a kiss, view the old jail wagon and chuck

wagon along with demonstrations, or sneak away for homemade ice cream churned by a John Deer Popping Johnny. Stoll around the sanctioned BBQ area and watch those hopeful cooks doing their cooking activities, while enjoying the aroma of beef, chicken, ribs and beans, and maybe you will be lucky enough to learn a secret or two to make your BBQ a winner. Remember all you BBQ-ers be sure to contact Dennis Cross to enter the Sanctioned BBQ cook-off. There's lots to do and see in Paducah March 10. Come be a part of the fun, entertainment, sights, and dance late into the night to some good music.

Building bridges

Physics students at Clarendon High School competed in their annual bridge building contest last week, and some outstanding bridges were constructed. Bridges were judged on their "weight to weight-held" ratio, and two bridges won first place. Iesha Trevino and Samantha Sanderson built a bridge that weighed only 1.4 ounces but held over 101 pounds of weight. The bridge would have supported the weight of one of their classmates! Roger Henderson and Jay Hall also had a great project. Their bridge held over 1250 times its own weight before collapsing. Students enjoyed the building process, learning about trusses and abutments and the forces that are placed on bridges. Their next project will involved building towers of balsa wood that hold weight.

Governor's Commission for Women Seeking Nominations for Texas Women's Hall of Fame

AUSTIN — The Texas Governor's Commission for Women is seeking nominations of outstanding women for the Texas Women's Hall of Fame, which celebrates accomplishments of Texas women who have made significant contributions in areas such as business, education, philanthropy, military and public service.

"The Texas Women's Hall of Fame allows the Lone Star State to honor women whose outstanding accomplishments continue to make our state the best place to live, work and raise a family," Gov. Perry said. "By recognizing these outstanding women, we are also inspiring young Texans to work hard and become

the great leaders of tomorrow," Gov. Perry said.

Nominees must be native or current Texas residents, and their noted achievement must have significant ties to Texas. Nominations must be submitted by March 9, with the induction ceremony taking place this fall. Nomination forms are available at www.governor.state.tx.us/women or by calling (800) 839-5323.

"Texas is home to so many exceptional women who have accomplished extraordinary things and made significant differences in our state and our country," Governor's Commission for Women Executive Director Lesley Guthrie said. "Recognizing these inspiring women

is one way to give back to them, and I encourage anyone who knows of someone who should be honored to submit a nomination."

The Texas Women Hall of Fame was established in 1984, and more than 100 women have been inducted, including former first ladies, astronauts, entrepreneurs and Olympic athletes. The permanent exhibit honoring these women, which features biographies and photographs of inductees, was established by the Governor's Commission for Women in 2003 at Texas Woman's University's in Denton.

For more information about the Texas Women's Hall of Fame, please visit www.twu.edu/twhf.

The Clarendon Lions Club held its regular Tuesday noon meeting February 21, 2012, with Boss Lion Steve Hall in charge.

We had 14 members and one guest this week — Scarlet Estlack, guest of Lion Russell Estlack.

Lions Tex Buckhaults and Ashlee Estlack updated the club on college activities, and Lion Walt Knorpp reported on the high school girls' playoff game this week. Lion Lambert Little reminded members about the Chamber Social at City Hall this Friday at 5:30.

Our program this week was presented by Lion Russell Estlack, who discussed how fossils form and exhibited several examples of fossils that can be found in Donley County.

There being no further business, we were adjourned.

Bronco JV beats Quanah

The Clarendon Junior Varsity Broncos ended the year in a big way as they strolled to a 56-37 win over Quanah at home Tuesday night in their last home game of the season. The win was definitely a team effort as ten different players added points to the board.

The Broncos had trouble getting away from the Indians early in the game but got on a roll in the second quarter of play. They were unstoppable offensively and opened a 17-point lead that they took into the break. Quanah did however, stage a comeback attempt, but they were derailed by a tough Bronco defense.

The players stayed focused throughout and played aggressive defense, which aided them in their

win. Offensively, Mitchell Parry was the high-point scorer with 17 and Johnathon Cartwright added 10. Late in the fourth quarter, Ben Juch aced two free throws after he was fouled on a shot to put the game away for the Broncos.

"The boys ended their season on a good note with a blowout win over Quanah," coach Alton Gaines said. "We played our kind of basketball; defend, run, and wear down the other team. I would like to thank all the boys and the community for their support this season."

Scoring: Parry 17, Cartwright 10, Charles Mason 7, Zach Cornell 7, Montana Hysinger 6, Ashton Smith 3, Austin Lowry 2, Cedrick McCampbell 2, and Juch 2.

Drugs in the News

Potential Benefits of Statins Keep Adding Up

Statin-type drugs are traditionally known as cholesterol lowering drugs and used in the prevention of coronary heart disease. However, the potential benefits of statin therapy could reach beyond diseases related to the heart. According to a study in *Primary Care Respiratory Journal*, those on statin therapy showed a 30% reduction in all-cause mortality in persons with chronic obstructive pulmonary disease (COPD). If proven with further studies, this will be a big step for COPD treatment, considering current treatments are focused on symptom reduction. Recent studies have also shown that statins may suppress pulmonary inflammation possibly adding more benefit for those with COPD.

Researchers in the medical journal *Cell*, have reported statins reduced invasive growth of breast cancers with mutant p53 genes. This mutation is present in over 50% of cancers, giving statins exciting potential in most cancers. Statin therapy has also been implicated in reducing colon and prostate cancer in separate studies. These new findings could potentially broaden the indications for statin therapy.

Broncs claim District title

By Sandy Anderberg

The Broncos' hope of a perfect district season came true Tuesday night in the Bronco Gymnasium as the 8-0 (17-10 overall) Broncos secured a District Championship and a number one seed in the playoffs by storming past Quannah 69-39.

Determined to stay undefeated, the Broncos played with intensity and executed on both ends of the court.

They jumped on the Indians early and strolled to an 11-point lead at the break. They exploded in the final period, as Quannah was frustrated with the intense play of the Broncos.

Junior guard Cole Ward was on fire from the perimeter as he hit four three-pointers in the game and finished with 20 points to lead the Broncos.

Adam Topper and Tyler Burch stayed strong inside and accounted for 17 and 10 points.

"We did a good job of moving the basketball and playing defense," head coach Brandt Lockhart said. "We were able to go undefeated in district, which is hard to do."

Scoring: Ward 20, Topper 17, Burch 10, Cody Wood 9, Trevor Cobb 6, Chance McAnear 5, and Trajen Johnson 2.

On Saturday, the Broncos played a warm-up game with Texline at Randall High School and won

District champs

The Clarendon Bronco team displays their District Championship trophy after their big win over Quannah last week. Finishing the season with a 17-10 overall record, the Broncos defeated the Indians 69-39 to advance into the playoffs. They will play in the Area Championship Friday night, time and game location TBA.

COURTESY PHOTO / CHERYL JOHNSON

63-60.

The Broncos trailed early on, but recovered before the break to lead by three. But the young Texline team stayed determined and briefly took over the lead.

The Broncos also stayed focused and finished the game getting the win. The Broncos shot 77 percent from the free throw line, which helped them in the final minutes of the game.

"We did a good job at the free throw line and we played well," Lockhart said.

"Texline shot the ball better than we thought they might and they are a good team. They played in the Regional tournament last year and will be a team to beat again this year."

Topper was strong inside and scored 19 points going three for three from the free throw line, and

Ward and Wood helped with 10 each.

Also scoring: Diego Santos 8, Burch 8, McAnear 2, Sell 2, Williams 2, and Johnson 2.

After sitting out the first round with a bye, the Broncos will play the winner of the Stratford and Panhandle game on Friday, February 24, with a time and location to be announced.

Drought takes toll and kills millions of Texas shade trees

COLLEGE STATION, Texas — An estimated 5.6 million trees that once shaded homes, streets, and parks in communities across Texas now are dead as a result of last year's unrelenting drought.

The finding comes from a study conducted by Texas Forest Service urban foresters, who spent the last month surveying tree mortality in cities and towns across the state.

"This estimate is preliminary because trees are continuing to die from the drought," said Pete Smith, Texas Forest Service staff forester and lead researcher. "This means we may be significantly undercounting the number of trees that ultimately will succumb to the drought. That

number may not be known until the end of 2012, if ever."

Much like the drought, tree mortality isn't always uniform and can vary from one yard to another.

The study conducted by Texas Forest Service — a member of The Texas A&M University System — focuses on tree mortality in the urban forest. The trees that line your street, shade your home and give you a quiet place to relax at your local park are all considered to be part of the urban forest.

Foresters studied satellite imagery taken before and during the drought, counting both live and dead trees in randomly selected plots on both public and private land.

Filing deadline March 5 for seven local boards

With a week and half left to sign up, seven local boards are still looking for candidates to run for this spring's elections.

Those with openings include for the cities of Clarendon, Hedley, and Howardwick; Clarendon and Hedley schools; Clarendon College, and the Donley County Hospital District.

The Clarendon College District has all three of its incumbents running for reelection. Jerry Woodard, Delbert Robertson, and Doug Lowe have all seeking to serve another six-year term on the Board of Regents. A fourth position on the college board, the unexpired term belonging to the late Charles Deyhle, Sr., is being filled by former CC dean Tex Selvidge. Four years are remaining on that term.

The Donley County Hospital District has four two-year terms expiring on its Board of Directors this year. Those seats are currently held by Jan Farris (Place 4), Jeanne Owens (Place 5), Mark C. White (Place 6), and Laurie Howard (Place 7).

The City of Clarendon has three two-year terms on the Board of Aldermen up for election this year. Incumbents are Ann Huey (serving the unexpired term of Kyle Davis), Jesus Hernandez (serving the unexpired term of Jeremy Powell), and Will Thompson. At press time,

Hernandez was the only candidate signed up.

The City of Howardwick has its ballot the one year unexpired term of former mayor Del Essary and three aldermen's positions currently held by Tanis McMorries, Johnny Hubbard, and Tim Gallagher. Aldermen serve two years.

The City of Hedley has the two-year terms of Mayor Dusty Wilkinson and Aldermen Leon Ward and Lonnie Roby up for election this year. Roby has already signed up to run again.

Clarendon ISD has three positions on the ballot for its Board of Trustees this year, including two three-year terms currently held by Wayne Hardin and Wes Hatley and the one year unexpired term of the late Marvin Thompson, which is held now by Richard Gribble. All of the CISD incumbents are running for re-election.

Hedley ISD has two three-year terms on its Board of Trustees on this year's ballot. Those seats are held by Lana Ritchie and Bobby Lindsey, filling the term originally held by Shelby Shipp. As of Tuesday afternoon, challengers Michael Metcalf, Sr., and Dee Smith had signed up for the election.

Sign-up for local offices continues through March 5. Election Day will be Saturday, May 12.

CC D1: Continued from page one.

nation have lit up over the Bulldog return to DI competition.

"Personally, I think Clarendon College's return to NJCAA Division I Basketball and to the WJCAC Basketball schedule is outstanding," Conference President Dr Steve McCleery states. "Once again, the WJCAC basketball teams are complete. I commend the Clarendon College Administration and Athletic Department for their commitment to excellence. Thank you Clarendon College."

Several advantages for our community will come along with the DI status.

"Men's Basketball Coach Tony Starnes has already started the creation of two basketball tournaments next November," Green said. "Being NJCAA DI will help in attracting competition to fill these events. This in turn will benefit many of the businesses in Clarendon."

These teams, along with fans, will be spending the night, eating, fueling their vehicles and shopping in Clarendon over the weekend.

"This falls in line with one of my primary goals of generating business for the community of Clarendon by attracting teams and fans to Clarendon College," Green said. "Already on the calendar in fall 2013 is the Region Cross Country Meet where teams will qualify to advance to the NJCAA National Cross Country Meet."

Conference schedules will be coming out next week and the coaches will build the season schedule around them.

"This move will create 7 double header home contests for our basketball teams in January and February," Green said. "The teams over the past three years have had very few double header contests. I am ready to start the planning for the "Best Show in Town" and the attention and focus it will bring to Clarendon College and the surrounding communities."

Make sure your child's safety seat measures up.

Nearly 3 out of 4 kids aren't buckled up correctly.

As children grow, their safety seat requirements change. Make sure they're buckled into a safety seat that's the right height, facing the correct direction, and anchored to the vehicle properly. If you don't, you could be fined up to \$250. Learn all the details at BuckleThemRight.org

Cattle nutrition course to be offered in Amarillo

By Kay Ledbetter

AMARILLO – Cattlemen will have a chance to improve their feed management skills during a three-month series of seminars sponsored by the Texas AgriLife Extension Service.

"Beef Nutritional Management 2015" is a series of educational activities for people involved in the beef industry, according to the organizers.

"Whether you are in the cow/calf, stocker, cattle feeding or allied industry sector, an owner, a customer-based operator or an employee, this program offers an opportunity to learn more about factors influencing beef quality and value," said Brandon Boughen, AgriLife Extension agent for Potter County.

The four meetings making up the program will each be held from 6-9 p.m. The first meeting is March 1 and the last one is on May 24, Boughen said. All activities will be held at the AgriLife Extension office for Potter County, 3301 E. 10th Ave. in Amarillo. Dinner will be served at each meeting.

Preregistration is required. The fee is \$60 per participant and due by Feb. 27. Registration forms can be found at <http://potter.agrilife.org/forms/>. The registration form and fee, made payable to Potter Agricultural

Committee, should be sent to Potter Agriculture Committee, 3301 E. 10 Ave., Amarillo, Texas 79104.

Speakers for this program are professionals involved in the beef industry or with beef educational programs, Boughen said.

The meeting schedule and topics are:

March 1 – Introduction to Nutritional Management: review of terminology used in feed/forage analysis, nutritional requirements of cattle, nutritional management objectives and evaluating cost benefits.

March 27 – Feedstuff: nutritive value of commodities and supplements, commodities and supplements in management programs, and evaluating nutrient costs and relative feed value.

April 17 – Forages: forage analysis – what's needed; factors affecting forage nutritive value; forage intake and nutritive value; nitrates, prussic acid, bloat and other forage-related issues; and determining stocking rates.

May 24 – Supplementation: supplementation and substitutions, when are supplements required and what is the best approach, software decision aids and mineral supplementation.

For more information contact Boughen at 806-373-0713.

Clarendon Church of Christ

THE TIME HAS COME

It is time for those that love God to stand up and stand against those who would take away our rights to worship and practice religion as we see fit. Many of us have been warning of this day coming and now we see it is much closer than many thought.

The same government that has "found" the rights in the Constitution for killing babies; marriage of homosexuals; taking property of others and giving it to someone else; subsidizing women to continually bear children out of wedlock; etc., is now "finding" the right of the government to take away your freedom of worship or right to practice it.

In Joshua 24:15, he wrote, "Choose you this day..." He told his brethren that they had to choose God or choose other "gods." It is the same plea that is needed today. You and I must choose whom we will serve. Will it be man and his socialistic, communistic, or anti-God ways? Or, will we right this ship we call America and turn back to God and His principles?

For too long many have tried to have it both ways. Some will claim to be a Christian but support ungodly people and their ungodly agenda. We are all still free to change the system at the voting booth. We can get involved with a candidate, although with many flaws, who is not anti-life, pro-homosexual, anti-God. You may not like his or her foreign policy or manner of speech, but those things are irrelevant in the face of the moral corruption perpetrated by not only this administration but many others in our government.

I beg all to put down their pride or family traditions and see that there is a much higher cause than party affiliation. Your rights and mine to serve our God how we see fit is being trampled or about to be taken away. Citizenship of the kingdom of God is more important than citizenship of this nation.

PUBLISHER'S NOTICE: All real estate adver-
tising in this newspaper is subject to the Fair
Housing Act which makes it illegal to advertise
any preference, limitation, or discrimination
based on race, color, religion, sex, handicap,
familial status, or national origin, or on intention to make any
such preference, limitation, or discrimination. Familial status
includes children under the age of 18 living with parents or legal
custodians, pregnant women, and people securing custody of
children under 18. This newspaper will not knowingly accept
any advertising for real estate which is in violation of the law.
Our readers are hereby informed that all dwellings advertised
in this newspaper are available on an equal opportunity basis.
To complain of discrimination, call HUD toll-free at 1-800-669-
8777. The toll-free telephone number of the hearing impaired
is 1-800-927-0272.
CLASSIFIED AD RATES are \$8.00 for the first 15
words and 15c for each additional word. Special type-
faces or boxes are extra.
THANK YOU NOTES are \$10.00 for the first 40 words and
15c for each additional word.
DEADLINES are 5:00 p.m. each Monday, subject to
change for special editions and holidays.
PREPAYMENT IS REQUIRED on all ads except for
customers with established accounts. Visa and
MasterCard accepted.
ERRORS: Check your ad on its first printing. Errors
not corrected within ten days of the first printing are
the responsibility of the advertiser.

**NOTICE OF RECEIPT OF APPLICATION AND
INTENT TO OBTAIN AIR PERMIT**

**PROPOSED AIR QUALITY PERMIT NUMBER
101072001**

APPLICATION G&S Lakeside Leasing, LLC,
has applied to the Texas Commission on
Environmental Quality (TCEQ) for issuance
of Air Quality Permit Number 101072001,
which would authorize construction of a Rock
Crusher. The company provided the following
driving directions: From Amarillo take high-
way 287 towards Clarendon approximately
50 miles to County Road 8. Take County
Road 8 north approximately 2 miles and the
site will be on both sides of the County Road,
Clarendon, Donley County, Texas 79226. This
link to an electronic map of the site or facil-
ity's general location is provided as a public
courtesy and not part of the application or
notice. For exact location, refer to applica-
tion. <http://www.tceq.texas.gov/assets/public/h610/index.html?at=34.9911&lng=-100.9488&zoom=13&type=1>. The facility will
emit the following contaminants: particulate
matter including particulate matter with diam-
eters of 10 microns or less and 2.5 microns
or less, carbon monoxide, sulfur dioxide, and
organic compounds.

This application was submitted to the TCEQ
on February 8, 2012. The application will be
available for viewing and copying at the TCEQ
central office, the TCEQ Amarillo regional of-
fice, and the Donley County Court House, 300
South Sully, Clarendon, Donley County, Texas,
beginning the first day of publication of this no-
tice. The facility's compliance file, if any exists,
is available for public review in the Amarillo
regional office of the TCEQ.

The executive director has determined the ap-
plication is administratively complete and will
conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You
may submit public comments, a request for
a public meeting, or request a contested
case hearing to the Office of the Chief Clerk
at the address below. The TCEQ will consid-
er all public comments in developing a final
decision on the application. The deadline
to submit public comments is 30 days after
newspaper notice is published.

The purpose of a public meeting is to provide
the opportunity to submit comments or ask
questions about the application. A public
meeting about the application will be held if
the executive director determines that there
is a significant degree of public interest in the
application or if requested by a local legisla-
tor. A public meeting is not a contested case
hearing.

If only comments are received on the applica-
tion, the response to comments, along with
notice of the executive director's action on the
application, will be mailed to everyone who
submitted comments or is on the mailing list
for this application.

The executive director will complete the techni-
cal review, issue a preliminary decision on the
application, and a Notice of Application and

Preliminary Decision will be published and
mailed to those who are on the mailing list for
this application. That notice will contain the
final deadline for submitting public comments.
If a hearing request is timely filed in Response
to this Notice of Receipt of Application and In-
tent to Obtain Air Permit, the time period for
requesting a contested case hearing will be
extended to thirty days after the mailing of the
executive director's response to comments.

After the final deadline for public comments
following the Notice of Application and Pre-
liminary Decision, the executive director
will consider the comments and prepare a
response to all relevant and material, or sig-
nificant public comments. If comments are
received, the response to comments, along
with the executive director's decision on the
application, will then be mailed to everyone
who submitted public comments or is on a
mailing list for this application.

**OPPORTUNITY FOR A CONTESTED CASE
HEARING** You may request a contested
case hearing. A contested case hearing is a
legal proceeding similar to a civil trial in state
district court. Unless a written request for
a contested case hearing is filed within 30
days from this notice, the executive director
may approve the application. A contested
case hearing will only be granted based on
disputed issues of fact that are relevant and
material to the Commission's decisions on the
application. Further, the Commission will only
grant a hearing on issues raised by you or oth-
ers during the public comment period and not
withdrawn.

A person who may be affected by emissions
of air contaminants from the facility is en-
titled to request a hearing. If requesting a
contested case hearing, you must submit
the following: (1) your name (or for a group
or association, an official representative),
mailing address, daytime phone number,
and fax number, if any; (2) applicant's name
and permit number; (3) the statement "I/
we request a contested case hearing"; (4)
a specific description of how you would be
adversely affected by the application and air
emissions from the facility in a way not com-
mon to the general public; (5) the location
and distance of your property relative to the
facility; and (6) a description of how you use
the facility which may be impacted by the
facility. If the request is made by a group or
an association, the one or more members
who have standing to request a hearing and
the interests which the group or association
seeks to protect, must also be identified.
You may also submit your proposed adjust-
ments to the application/permit which
would satisfy your concerns.

Following the close of all applicable comment
and request periods, the executive director will
forward the application and any requests for
contested case hearing to the Commissioners
for their consideration at a scheduled Com-
mission meeting. If a hearing is granted, the
subject of a hearing will be limited to dis-

puted issues of fact relating to relevant and
material air quality concerns raised during
the comment period. Issues such as property
values, noise, traffic safety, and zoning are
outside of the Commission's jurisdiction to ad-
dress in this proceeding.

MAILING LIST In addition to submitting pub-
lic comments, you may ask to be placed on a
mailing list to receive future public notices for
this specific application mailed by the Office of
the Chief Clerk by sending a written request
to the Office of the Chief Clerk at the address
below.

AGENCY CONTACTS AND INFORMATION Public
comments and requests must be submitted
either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the
Texas Commission on Environmental Quality,
Office of the Chief Clerk, MC-105, P.O. Box
13087, Austin, Texas 78711-3087. If you com-
municate with the TCEQ electronically, please
be aware that your email address, like your
physical mailing address, will become part of
the agency's public record. For more informa-
tion about this permit application or the per-
mitting process, please call the Public Educa-
tion Program toll free at 1-800-687-4040. Si
dessea información en Español, puede llamar
al 1-800-687-4040.

Further information may also be obtained from
G&S Lakeside Leasing, LLC, P.O. Box 51772,
Amarillo, Texas 79159-1772 or by calling Mr.
Scotty Knutson, Managing Partner, at (806)
371-7283.
