...about myths and legends of other countries

Kids: color stuff in!

People all over the world have shared stories called myths. Myths are ancient tales that tried to explain mysterious things that people wondered about in the past - events they did not know the reasons for or things they did not understand. People believed these stories to be true. Myths were very important to them.

**Who or What?** Myths are full of people, gods, heros and creatures. Who or what are these characters in myths? Read the clues to fill in the crossword:

1. powerful beings, rulers of all
2. stories to explain things people did not know or could not understand
3. huge manlike beings that some people thought existed before humans
4. pilots with problems in their engines or instruments would blame these
5. they search and dig to find items that will tell about myths of different peoples
6. played harmless pranks, did household chores overnight
7. people of great strength and courage
8. physically smaller than giants; hunted and ate people
9. fire-breathing, flying monsters
10. underground folk, under four feet tall, hard-working; they mined and worked precious metals like gold
11. ugly elves, pesky and annoying
12. they lived under bridges, in forests and on mountains; they protected their lands
