LEGAL NOTICE

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
EXAMPLE A
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL

PERMIT NUMBER 85869L001
APPLICATION Gilvin-Terrill, Ltd., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 85869L001, which would authorize continued operation of the Rock Crushing Plant located at the following location. From the intersection of US 287 and County Road 2 in Ashtola, go north on County Road 2 for 1.6 miles. Continue on County Road 3 for 6.4 miles, site entrance will be on the right, Ashtola, Donley County, Texas 79226. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.
<http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=35.113889&lng=-101.027778&zoom=13&type=r>. The existing facility is authorized to emit the following air contaminants: carbon monoxide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on December 10, 2018. The application will be available for viewing and copying at the TCEQ central office, TCEQ Amarillo regional office, and the G.B. Burton Memorial Library, 217 South Kearney Street, Clarendon, Donley County, Texas beginning the first day of publication of

this notice. The facility's compliance file, if any exists, is available for public review in the Amarillo regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met. **PUBLIC COMMENT** You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process. After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing. **OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn. A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing.

If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below. If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding. **MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application. **AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040. Further information may also be obtained from Gilvin-Terrill, Ltd., P.O. Box 9027, Amarillo, Texas 79105-9027 or by calling Mr. Josh Butler, Elm Creek Environmental at (214) 334-6954. Notice Issuance Date: January 10, 2019

LEGAL NOTICE

tion of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. The Year of the Pig

Chinese New Year 2019!

Best Wishes and Congratulations!

In 2019, the Chinese New Year celebration starts on Tuesday, February 5th, and ends with the Lantern Festival on Tuesday, February 19th. The Chinese Calendar has a 12-year cycle with each year represented by an animal. 2019 is the *Year of the Pig*, a lucky creature, but one that can be easily led to believe anything others tell it. People born in an animal's year are said to have some of its characteristics. The Chinese New Year is a time of *family*. In many large cities worldwide there are lots of fun events: dinners, parades, concerts, races, zoo visits and fireworks.

Read the clues to fill in the puzzle about the Year of the Pig:

- This year, 2019, is the Year of the _____.
- The pig is the twelfth animal in the Chinese _____.
- The pig was the last to arrive at the Jade _____ important meeting, so it is last in the Zodiac.
- Pigs are said to be popular, _____ and gentle.
- People born in the Year of the Pig may be a bit _____ and sluggish.
- Luckily, these people are also thought to make great _____ and interior decorators.
- The pig gets along very well with the tiger and rabbit, but not with the slithering _____.
- Lucky _____ for the Year of the Pig are orange, white, pink and red.
- Pork is one of the most popular _____ in Chinese homes.
- The pig is a _____ of the yin, the dark half of a Chinese yin-yang. It stands for passion, growth and femininity.
- Lucky _____ for the Year of the pig are 2, 5, and 8. But, stay away from numbers 1, 3, and 9.
- In ancient times, men were expected to catch a pig (or wild boar) with their bare hands as a test of _____.
- People wear red _____ necklaces and bracelets for good luck; people born in 2019 will have a tiny pig dangling from it.
- The pig is a symbol of wealth in China, and elsewhere too! People worldwide store money in a 'piggy _____'.

NEWSPAPERS IN EDUCATION delivers newspaper to local elementary students every week. To become a sponsor call the Enterprise at 874-2259.
