Manage hectic school mornings

If a typical school morning sees your family rushing around and out the door with nary a moment to spare, only to be left feeling like you ran a marathon by 9 am, a new approach to your routine might be necessary.

Mornings, especially in households in which parents who work outside of the home and have one or two kids requiring drop-off at their respective schools, can often be hectic. Starting off the morning feeling harried and stressed can carry over into the mood of the day, affecting productivity as a result.

According to Dr. David Anderson, PhD, senior director of the ADHD and Disruptive Behavior Disorders Center at the Child Mind Institute, busy mornings can be the most stressful moments of the day. Homework hour and getting prepared for bed are other typically stressful times of the day for families.

If less stressful mornings are a goal for your family, try these strategies.

START THE NIGHT BEFORE

Doing as much preparatory work the evening before can make quite a difference in taming hectic mornings. Things that can be done in advance include checking and stocking backpacks, signing paperwork, making lunches, setting out clothing, showering, and having breakfast foods ready to go.

ESTABLISH A 'LAUNCH PAD'

Ann Dolin, a Virginia-based education specialist, suggests having a launch pad, or a place where all school-related items are prepped and stored. It can be a basket, box or another container big enough to contain school items. Children can drop and pick up the items as needed.

MAKE THE ROUTINE THE BOSS

Positive Parenting Solutions founder Amy McCreedy says families can implement a "when-then" routine that sets the tone for the morning. "When everyone is dressed, hair combed, breakfast eaten, and school supplies packed, then you can watch 10 minutes of an educational cartoon." This puts the routine in control rather than making the parents the bad guys.

MAKE KIDS RESPONSIBLE

Too often parents add more stress to their plates by showing up at school with forgotten lunch boxes or band instruments. Instead, parents can stop rescuing their children and help train them to be more responsible - an essential trait.

CHART WAKE-UP TIMES

It may seem like micromanaging, but scheduling wake-up and bathroom times can help everyone know where they should be and when they should be there. It also helps avoid bottleneck situations in the bathroom or kitchen.

Keep morning madness to a minimum with some simple strategies.

GOOD LUCK, STUDENTS!

Wishing you a great
first day and a great year!

How to save big during Texas' sales tax holiday

Texas Comptroller Glenn Hegar reminds shoppers they can save money on certain items priced under \$100 during the state's annual sales tax holiday. This year, the sales tax holiday is scheduled for **Friday, Saturday, and Sunday, Aug. 9-11, 2019.**

The law exempts most clothing, footwear, school supplies and backpacks priced under \$100 from sales tax, which could save shoppers about \$8 on every \$100 they spend during the weekend.

"Families gearing up for the new school year will not pay any sales tax for many back-to-school items ranging from pens to blue jeans," Combs said. "When the back-to-school list is long and the money is short, it can be difficult for Texas families. We hope this tax break will help ease that burden."

Lists of apparel and school supplies that may be purchased tax free can be found on the Comptroller's website at www.TexasTaxHoliday.org.

CLOTHING & FOOTWEAR

Retailers will not be required to collect state and local sales or use tax on most footwear and clothing that are sold for less than \$100 during the holiday. The exemption applies to each eligible item that sells for less than

\$100, regardless of how many items are sold on the same invoice to a customer. For example, if a customer purchases two shirts for \$80 each, then both items qualify for the exemption, even though the customer's total purchase price (\$160) exceeds \$99.99.

The exemption does not apply to the first \$99.99 of an otherwise eligible item that sells for more than \$99.99. For example, if a customer purchases a pair of pants that costs \$110, then sales tax is due on the entire \$110.

The exemption also does not apply to sales of special clothing or footwear that the manufacturer primarily designed for athletic activity or protective use and that is not normally worn except when used for the athletic activity or protective use for which the manufacturer designed the article. For example, golf cleats and football pads are primarily designed for athletic activity or protective use and are not normally worn except for those purposes; they do not qualify for the exemption. Tennis shoes, jogging suits and swimsuits, however, are commonly worn for purposes other than athletic activity and thus qualify for the exemption.

Additionally, tax is due on sales of accessories, including jewelry,

handbags, purses, briefcases, luggage, umbrellas, wallets, watches and similar items.

The sales tax holiday exemption does not extend to rental of clothing or footwear; nor does it apply to alteration or cleaning services performed on clothes and shoes. These items continue to be subject to state and local sales or use tax.

BACKPACKS

Backpacks under \$100 and used by elementary and secondary students are exempt. A backpack is a pack with straps one wears on the back. The exemption during the sales tax holiday includes backpacks with wheels, provided they can also be worn on the back like a traditional backpack, and messenger bags. The exemption does not include items that are reasonably defined as luggage, briefcases, athletic/duffle/gym bags, computer bags, purses or framed backpacks. Ten or fewer backpacks can be purchased tax-free at one time without providing an exemption certificate to the seller.

SCHOOL SUPPLIES

Texas families also get a sales tax break on most school supplies priced at less than \$100 purchased for use by a student in an elementary or secondary school.

The following is an all-inclusive list of qualifying school supplies (if priced less than \$100):

- Binders
- Book bags
- Calculators
- Cellophane tape
- Blackboard chalk
- Compasses
- Composition books
- Crayons
- Erasers
- Folders; expandable, pocket, plastic, and manila
- Glue, paste and paste sticks
- Highlighters
- Index cards
- Index card boxes
- Legal pads
- Lunch boxes
- Markers (including dry erase markers)
- Notebooks
- Paper; loose leaf ruled notebook paper, copy paper, graph paper, tracing paper, manila paper, colored paper, poster board, and construction paper
- Pencil boxes and other school supply boxes
- Pencil sharpeners
- Pencils
- Pens
- Protractors
- Rulers
- Scissors
- Writing tablets

Internet Safety Tips for Students

The classrooms of yesteryear are distant memories. Gone are chalkboards, which have made way for smartboards. Even textbooks are slowly being phased out in deference to online curriculums. Modern classrooms are outfitted with digital devices that connect students to the internet. Each of these changes might surprise parents who haven't stepped foot inside a classroom in decades.

A 2017 report from Common Sense Media said that children up to age eight spend an average of two hours and 19 minutes every day on screen media. Children between the ages of eight and 12 spend an average of four hours and 36 minutes on screens. Much of that time is spent online.

The internet can be a useful tool for students, who can go online when working on school reports. Some students even communicate online with their teachers, while others play interactive learning games that can supplement lessons taught in the classroom.

But the internet also puts students at risk of falling victim to online predators. The internet also keeps students in constant contact with their peers, which can be troublesome for students who want to get away when they get home at night. These reasons and more are motivation enough to encourage students to practice good digital citizenship and follow these safety tips when online.

- Exercise caution with photos and videos posted online. These images, even when posted harmlessly, can weigh on a student's reputation. They may even impact acceptance to schools or career opportunities in the future. Always think before posting, as content remains in cyberspace indefinitely. And remember, many schools screen for inappropriate content. Sending harassing or inappropriate material to others may result in disciplinary action.

- Recognize the threat posed by online predators. The Crimes Against Children Research Center says one in five teenagers in the United States who regularly uses the internet has received unwanted sexual solicitations through the web. In addition, 25 percent have been exposed to unwanted

Online safety is a growing concern for students, but there are ways to keep kids safe.

pornographic material online. Students need to be aware that not everyone on the internet is an upstanding citizen.

- Keep personal information private at all times. The service eMarketer says that 75 percent of children are willing to share personal information online about themselves and their families in exchange for goods and services. Students need to be better educated

about protecting their passwords, ages, addresses, and other personal information.

- Stop cyberbullying before it starts. Students can be educated about the correct way to use the internet and how to report cyberbullying. Students also can take pledges to never make others feel uncomfortable online.

CLARENDON NOTES:

BRONCOS TO ISSUE EQUIPMENT

AUG. 1, BEGIN PRACTICE AUG. 5

Athletic Director Clint Conkin has announced that Thursday, August 1, will be the day to hand out equipment to freshmen through seniors for the 2019 football season.

The event will begin at 8:00 a.m. sharp in the Bronco field house on the CHS campus, starting with seniors, then juniors, sophomores, and freshmen.

Two-a-day practices will begin on Monday, August 5, at 8 a.m.

All athletes are expected to be on time, clean shaven with a good short haircut. Also, athletes need to be at all practices and meetings.

Girls and boys cross-country athletes in grades 9-12 need to report on Monday, August 5. Girls practice starts at the Bronco Gym at 7:30 p.m., and boys start at 8:00 a.m. at the Field House. All girl athletes playing basketball are highly encouraged to participate in cross-country.

All incoming 7th, 9th, and 11th grade Clarendon athletic students must have a doctor's physical prior to practice. Physical forms are available at Clarendon Family Medical Center.

SEASON TICKETS ON SALE SOON; SENIOR PASSES ALSO AVAILABLE

Clarendon CISD will begin selling 2019 reserved seating/season football tickets to the public at 8:30 a.m. on Monday, August 5, 2019.

Reserved seating/season tickets can only be purchased at the Administration Building, 416 South Allen Street. The cost of each football reserved seating/season ticket is \$30. This price allows admission into four regular season home games and reserves your seat in the prime viewing location.

Also, Bronco fans over the age of 65 can get a Senior Citizen Pass from the Administration Building. The pass will allow senior citizens into any school sponsored home athletic event. If you currently have a pass, you do not need a new one unless it becomes no longer legible.

LITTLE MISS CHEERLEADERS

Little Miss Cheerleader will be held on Saturday, August 17, with registration starting at 9:45 a.m. The camp will run from 10:00 a.m. to 3:00 p.m. with a parent performance at 2:50 p.m. sharp.

Little Miss Cheerleaders is for girls in Kindergarten through Sixth grade, and the cost is \$45 per girl and includes lunch, snacks and a t-shirt. Each camper will receive a photo with Sparky. They will learn a cheer, a chant, and a dance.

For more information about this program, contact Terri Luna by email at Luna.Terri@clarendonisd.net.

LOCAL ORGANIZATIONS PLAN TO DISTRIBUTE SCHOOL SUPPLIES

Three local groups have teamed up to ensure no kid goes without the tools they need to succeed this school year.

The Lila Kate & Kylie Monroe Memorial Fund, the First United Methodist Church, and Christ's Kids Outreach Ministries will offer free basic school supplies Friday, August 9, at the Christ's Kids Ministry Center 416 S. Kearney, from 4:00 to 6:00 p.m.

Donations to support this effort can be mailed to PO Box 45, Clarendon, TX 79226.

Educational apps play a vital role in educating today's students.

Great Educational Apps

It is impossible to ignore the immense popularity of digital learning tools in today's schools. Teachers routinely turn to online tools and available applications to offer students all the resources they need to become well-rounded individuals.

According to research from Grunwald Associates, LLC, 71 percent of parents embrace mobile devices and feel they open up learning opportunities for kids that didn't previously exist. The research also suggests that a similar percentage of parents would like teachers to recommend apps for students.

Navigating learning apps can be daunting due to the sheer volume of apps available. According to Apps for Education, there are more than 500,000 educational apps currently available for download. Apps can be stimulating and fun, but finding quality resources may involve sorting through those that aren't necessarily valuable. The following are some apps parents may want to consider.

- **Memrise:** Learning a second or third language can be a boon to students of any age. Some schools may be limited in the number of languages they offer. Therefore, an app may be a great resource for students looking to learn a new language. Memrise drills students on vocabulary, phrases, aural recognition, and more.

- **Kahoot:** Kahoot is a platform to create games and review content. Players answer questions on their individual devices, while games are displayed on a shared screen. Kahoot can be an ideal way for several students

to prepare for a test in a digital study session.

- **Reading Eggs:** This comprehensive learning system covers essential components of reading: awareness, vocabulary, phonics, fluency, and comprehension. Parents can see progress reports and know if and where extra attention may be necessary.

- **Edmodo:** This app is designed to streamline workloads for teachers and help make it easier for them to stay connected with the classroom and their students. Parents can set up accounts and stay abreast of their children's activities, grades, messages, and progress. Though it's not a learning app, Edmodo can be a valuable tool for classroom management.

- **Epic:** This online children's subscription book service offers immediate, on-demand access to high-quality reading materials for children ages 12 and under. Voracious readers will always have content they can access, in addition to audio books, educational videos, and educational quizzes.

- **Photomath:** This app enables students to snap pictures of complicated math problems and get step-by-step directions on how to answer them. Instead of simply giving the answer, Photomath provides students with the tools to answer the problems on their own.

- **StudyBlue:** Students can create and share mobile flash cards, study guides, quizzes, and choose from other study materials to help reinforce lessons.

Reading Newspapers Benefits Students

Classrooms have come a long way since the days when pioneering settlers would send their children to single-room schoolhouses. Modern classrooms might be technical marvels, but one less flashy learning tool remains as valuable as ever.

Newspapers might not be as glamorous as tablets or other gadgets, but they are still an invaluable resource to educators and students. The following are seven ways in which newspapers in the classroom can benefit students.

1. Newspapers build vocabulary. Numerous studies have found that reading can improve youngsters' vocabulary. Each day, newspapers are filled with fresh stories that can introduce kids to new words, helping them to strengthen their vocabularies and make them more effective communicators.

2. Newspapers improve reading skills. Like the old adage says, "Practice makes perfect." Reading newspapers each day can help kids develop their reading and comprehension skills.

3. Newspapers promote critical thinking. Newspaper reporters are trained to objectively report the news, sharing facts without allowing their own opinions to influence their stories. Educators can choose stories from the newspaper to serve as catalysts for discussions that focus not just on the facts listed in the story, but what might be behind them. Such discussions can help youngsters develop their critical thinking skills.

4. Newspapers bring ideas and current events to life. Many children are aware of major world events, even if they don't know or understand the details. Newspaper articles about world events can be used as avenues to discussions about what's going on in the world.

5. Newspapers build global awareness. Customized newsfeeds funneled through social media outlets can make it hard for young people to recognize and understand the world beyond their own communities and interests. Each day, newspapers include local, national and

Newspapers remain invaluable resources that can benefit students in myriad ways.

international stories that can illustrate to kids that there's a world beyond their own.

6. Newspapers promote social consciousness. Without newspapers, young people may never be exposed to the social issues facing their own communities or those issues that are affecting people across the country and the world. Newspapers provide unbiased exposure to such issues, potentially leading youngsters to further explore topics that are shaping their world and even encouraging them to form their own opinions.

7. Newspapers make learning fun. According to a 2017 report from Common Sense Media, kids younger than eight spend an average of two

hours and 19 minutes per day looking at screens. Newspapers provide a welcome break from tablets, smartphones and computers, and kids may have fun flipping pages and getting a little ink on their hands.

THE CLARENDON ENTERPRISE NEWSPAPERS IN EDUCATION PROGRAM

places more than 200 newspapers in the hands of elementary and junior high students each week during the school year, exposing them to current events and community activities and educational games.

We gratefully acknowledge the support of our NIE sponsors and invite other businesses to help expand our program.

Start The School Year with a Lesson in Safety!

Riding the school bus can be lots of fun, but remember the rules so everyone has a safe ride!

- Always sit facing forward.
- Do what the bus driver tells you to do.
- Keep the bus clean.
- Don't stick anything out the window.
- Never walk behind the bus.
- Take five big steps in front of the bus when crossing, and look both ways before you cross.

WELCOME BACK STUDENTS, AND HAVE A SAFE YEAR!
