Annimills LLC © 2020 V16-8

Have you ever invented anything? Inventors notice  
a problem, then figure out a way to fix it. Sometimes  
inventors have a brand new idea and sometimes they  
combine other people's ideas with their own. Please  
excuse me now. It's time to practice my "Ollie."

### Read the clues to fill in the puzzle:

1. *Thomas Edison* developed over 1,000 inventions. He  
is most famous for the light bulb, but he also invented  
the \_\_\_\_\_, which has become popular again.
2. A *team of inventors* working for the U.S. Department of Defense created  
the Global \_\_\_\_\_ System, a tool to find your way using satellites!
3. *Marie Curie* was the first woman to receive the Nobel Prize. Her work helped us to  
understand \_\_\_\_\_ and the effects of X-rays. She has an element named after her – *Curium*.
4. *Louis Braille*, blinded in an accident at three years old, created a system of \_\_\_\_\_  
and writing by using raised dots that people could feel with their fingers.
5. Orville and Wilbur Wright owned a bicycle shop. They experimented with flying machines.  
Their plane (trial flights at Kitty Hawk, N.C.) was the basis for the \_\_\_\_\_ we have today.
6. *Francis Robbins Upton* helped to keep us safe from fire by inventing the smoke \_\_\_\_\_.
7. *Alec Jeffreys* changed the court system when he invented DNA \_\_\_\_\_.  
With this invention, guilt or innocence were much easier to prove!
8. *Leonardo da Vinci*, the artist who painted the *Mona Lisa*, was also  
talented at sculpting, engineering and inventing. He had ideas for a  
helicopter, a \_\_\_\_\_ and a diving suit.
9. *Martin Cooper* improved on the invention of Alexander Graham Bell  
with the \_\_\_\_\_, widely used to communicate today.
10. *George Washington Carver* was born into slavery, but he became a  
botanist who developed over 300 uses for \_\_\_\_\_ and many ideas  
for sweet potatoes and pecans.
11. *Ben Franklin* was known for experimenting and inventing many things.
