Summer is a great time to study the...

**Newspaper Fun!**  
www.readingclubfun.com

...moon and constellations in the sky.

Kids: color  
stuff in!

"Moon" begins  
with the letter  
"m." Can you  
find and circle  
at least 8 words  
that begin  
with "m"?

**Read  
the clues  
to fill in  
the  
puzzle:**

Can *you* see the moon in the sky? People  
have always wondered about the moon. They  
have written about it in poems, songs and  
stories. Even though people have flown to it  
and walked on it, the moon is still mysterious.

- moon \_\_\_\_\_ or 'lunar soil';  
the remains of meteors that have  
hit the moon over billions of years
- shape made by sun's light hitting only  
part of the moon; first or last  
stages of waxing and waning moon
- stars linked together with imaginary lines  
to make shapes like the 'Big Dipper'
- group of eight planets and the sun they orbit

- more scientific name for our sun; originally named after the color of light it  
shines through our atmosphere; its small size compared to other stars
- gravity keeps things (moon, satellites) moving in curved path around earth
- moon and sun's pull (gravity) on the ocean causing sea levels to rise and fall
- phase of moon where its face is completely lit up by the sun
- instrument with a series of glass lenses and mirrors  
that lets us see things that are very far away
- put first man on the moon; U.S. space agency
- person who leaves earth and spends time in space
- moon looks different every day because the sun  
lights it up from different angles; there are 8 \_\_\_\_\_ of the moon
- star exploding in an incredible burst of light; can be so bright that  
it is the brightest thing in the whole galaxy for a short time
- largest planet in solar system; most moons of any planet
- the Milky Way \_\_\_\_\_ is where our solar system is located;  
it is only one of billions of such collections of stars and planets

**Mysterious Moon  
& Stars!**

- reach for the moon
- once in a blue moon
- to promise the moon
- many moons ago
- to howl at the moon
- to be over the moon
- by the light of the moon
- ask for the moon

Can...almost  
reach it...

- very rarely
- a very long time ago
- try to do something that seems impossible
- to make a promise that you cannot keep
- to be very happy, pleased
- to make a lot of noise
- make crazy demands, ask for too much
- out where there are no powered lights
