500 Years of Change!

For many years people have talked about - and *argued* about - the impact of explorer Christopher Columbus' landing in the Americas. Many people view his journeys as opening up an exciting "New World." But, others point out that the lands Columbus found had many people already - with their own ways of life - and see his coming to these lands as destructive. In the end, we all can agree that Columbus' voyages to the Americas beginning in 1492 set in motion a period of massive change that continues *today* - over 500 years later!
