stuff
in!

Cherokee Nation (Eastern Band)

Did you know that archaeologists think the first
people to live in North America were the Paleo-Indians?
At the end of the last Ice Age (around 12,000 years ago)
these people moved from Asia into North America on a
land bridge that existed then. It is believed that they lived
in small family groups and moved constantly to **hunt**
animals like the mastodon (an elephant-like animal that
is now extinct) and to **gather** foods like berries and
nuts. Arrowheads for spears and other tools mark places where they lived.

In the Archaic period (8,000 to 1,000 BCE), families had homes with
wooden poles covered with hides, which could be **moved**. In the spring they
would move to the river valleys to **fish** and **collect** shellfish. In the fall they
would move to the forest to hunt deer or turkey and gather nuts and berries.
Archaeologists have studied **tools**, soapstone bowls, burial grounds and
pottery to understand these people's ways.

In a more recent period, Woodland Indians, people are thought to have had
villages as well as seasonal camps. **Corn**, a key part of the Indian diet, was
introduced. The first evidence for the bow and arrow were found. It is believed
that people were **trading**: salt, beads, shells, fish, pottery and animal skins.

During the next period, Mississippian Indians, settlements became more
permanent. Squash, corn and beans, known as the **Three Sisters**, were
important and foods from hunting and gathering were now added to the foods
harvested from gardens. Beautiful **jewelry** and pottery were created too.

After 1650, when Europeans arrived, there were years of both peace and
fighting. In 1836, the U.S. Senate accepted a **treaty** signed by a small group of
Cherokee to sell their land and the Cherokee were forced to leave the east to
be **resettled** in Oklahoma. They were expected to walk 1,000 miles to get there!
On this hard walk, now called the "Trail of Tears," an estimated 4,000-8,000
people died. Some Cherokee refused to move and **hid** in the mountains. Many
of their descendants now live on Qualla Boundary, a preserve.

About 15,000 Cherokee Indians
live in North Carolina, mostly on
tribal land. The town of Cherokee
is in the Great Smoky Mountains.
