- 12.) People who are deaf may read finger _____, or hand signals as well as the printed word!

What Word Do We Use the Most?

Do you know what word is used the most in written materials?

There are 3 letters in my puzzle. Connect dots in the first one by following the numbers. Then, follow the alphabet in the middle one. Finally, connect the numbered dots of the last letter to see the word we use the most.

We read using our eyes. We use the alphabet. People who cannot see well or are blind can read Braille, a system of raised dots, with their fingers. People who are deaf may read lips or fingers spelling out hand signals, in addition to the printed word.

We'll help you to learn how to read!

We enjoy reading on our new tablet.
