USDA grant helps fund Hedley truck

A new trash truck is making the rounds in Hedley thanks to a grant from the US Department of Agriculture and the hard work of city officials.

City Manager Kim Davis said USDA provided \$60,000 and the city financed the remaining \$112,000 through Herring Bank in order to purchase the new truck.

The new Mack truck will take the place of a 1979 truck that

the city had purchased used about six years ago, according to Mayor Carrie Butler.

"I'm just super excited for our little town," Butler said. "We've been struggling for a long time with the old truck, and Kim has done a wonderful job and the council has been onboard."

Butler said the new truck is part of a bigger effort to clean up Hedley and make improvements

around town.

"We wanted to get all of our alleys cleaned out so we don't scratch up our new truck" she said.

In addition to collecting trash from Hedley residents, the city also services several rural accounts and hopes to add more accounts now that it has more reliable equipment.

City foreman L.W. Henshaw said there were several times that only miracles kept the old truck run-

ning, and he said that it was showing less and less power as it got older.

Davis started working on the grant to get a new trash truck back in March with the help of Clyde Jenkins at the Amarillo USDA office.

Hedley officials saw they will now turn their attention to applying for a Texas Parks & Wildlife grant to create a new city park for the community.

Owls honor their most faithful fans

By Julio Vega, Amarillo Globe-News

Prior to last Thursday's kick-off, the 11 Hedley football players knelt down in front of 20 people. The folks weren't just random Hedley fans, but the legacy of two very specific Hedley fans that had been a staple of the Owls' sidelines for decades, Buford and Geraldine Holland. The game that followed was almost an afterthought, especially when most fans knew how it was going to end.

But the game went on, with Follett downing Hedley 54-6 after three quarters due to the mercy rule in a District 1-1A Division II contest. The Panthers (10-0, 4-0) secured their undefeated mark, while the Owls (8-2, 2-2) enjoyed one of the program's best campaigns in years. Plenty of touchdowns were scored, but the loudest cheer of the night came from the home crowd as Hedley put up its only score in the final seconds of the first half. But those two very special fans were missing from the home sideline, their cheers not heard but felt. Buford Holland passed away October 15, 2021, while his wife, Geraldine, died nearly two years prior on December 8, 2019.

Both were honored for their longtime fandom and impact on the community of Hedley. It was the first home game for the Owls since Buford Holland passed away, and the final game of the Hedley season, marking the end of an era. But at the same time, a new beginning. The Owls won eight games this season, something that had never been done prior and could happen next fall with the team graduating one senior. Though barely connected to the Hollands at all, the timing may have been a sign from the universe.

Everyone knew the couple. They were always at football and basketball games, community events and were active with their neighbors and immersed in the community. The Hollands had four children, Darrell, Glyndol, Lynn and Gail, who all graduated from Hedley. They also have grandchildren and great-grandchildren who went through Hedley. They left their mark in the town of less than 300. And it will continue.

Gail Hill (formerly Holland) said after she and all her siblings graduated and moved on from Hedley, her parents found their calling in being the parents and grandparents of the Hedley community.

"They just loved to go to games

Buford and Geraldine Holland

and see the kids," Hill said. "That was just their life. They enjoyed seeing the kids and supporting the school. That was just what they did."

Grandson Lynn Holland, named for his late uncle, even went as far as to make a six-part documentary, highlighting the various aspects of their lives and the pillars they lived by: simplicity, community, hard work, commitment, and family. Lynn Holland said he started filming parts of the documentary starting in 2015 but started really working on it in the final weeks of his grandfather's life.

"We played the documentary for the family after Buford's funeral," he said. "It really brought us all together. That will go down as one of the proudest moments of my life. The process of working on the documentary transformed me by revealing what was truly impor-

tant in life."

Buford and Geraldine Buford lived a simple, yet enjoyable life, but their impact has been felt across the community – young and old. Despite the lopsided scoreline and the curtain falling on Hedley's season Thursday, the Holland's impact went far beyond their presence on the sideline and in the community.

Hedley assistant coach Eric Alston grew up with the Hollands on the sidelines. He played in front of them, then eventually returned to coach on the sidelines for the Owls.

"When you look over and don't see them, there's just a hole over there," Alston said. "They represented that small-town support. They were always here, even when they had no family to support. They were here to support us, the team, the town. For us, that means a lot."

Granadoz was arrested by Collingsworth Sheriff's Deputy Billy Doss for the offense that took place on June 13, 2021. Granadoz plead to an information filed by the State on June 16, 2021.

Pursuant to the plea agreement, **See 'Court' on page 8.**

Senior center to honor veterans

By Mary Lynn

All of the month of November, we will be honoring veterans at the Donley County Senior Citizens Center. We will provide a ticket for a free meal here to all veterans and hope you'll allow us to "thank you" for your sacrifices. There will be programs on November 11 in Clarendon and Hedley to allow everyone to remember these men and women. We hope you'll attend one.

Our Bingo Night returns on Thursday, November 18, at 5:30. Pulled pork sandwiches will be served along with tea, coffee, and water. Sides are provided by those who attend. Come join us for a night of fun.

The Food Bank delivers on Monday, November 22, and alternate Mondays. We receive various items of produce, bread, dessert items, and some packaged salads and sandwiches. Pickup is between 12:00 and 4:00 p.m. Check with us if you have questions.

Meals will not be served in the dining room on November 11 and on Thanksgiving or the Friday after Thanksgiving.

Music Night returns December 16 with a meal and an evening of great music.

We welcome everyone, of any age, to join us for food, fellowship, and an experience that will lift your spirits.

Come see us!

The Clarendon Lions Club held its regular Tuesday noon meeting November 9, 2021, with Boss Lion Landon Lambert in charge.

We had 17 members, Sweetheart Darcy Grahn, and one guest – Jerry Mullanax, guest of Lion Sandy Childress.

The Sweetheart updated us on activities at the public school with FFA members in competition here this Monday and the Broncos on the road for their first playoff game against Sunray at Bushland Thursday.

Lion Scarlet Estlack said the college drama department will present "Clean" on Saturday at 6:30 p.m. at the Harned Sisters Fine Arts Center.

Lion David Dockery reported that the city is still looking for approval for its downtown revitalization grant and is looking at how best to spend COVID-relief funds. Lion John Howard said the county is also looking for guidance on those funds and said commissioners are looking at redrawing precinct lines.

Lion Sandy thanked everyone for their help putting out flags at the cemetery Monday. We will be picking up flags next Monday at 5 p.m. and invite all community volunteers to come help.

The club's Peace Poster Contest winner was selected and will be advanced to the District competition.

Lion Roger Estlack said the annual Coat & Shoe Program will be held at Kohl's this Sunday, and local Lions are invited to help the kids from Cal Farley's shop for Christmas.

The club was proud to approve the membership application of Lion Jerry Mullanax. Welcome, Jerry!

There being no further business, we were adjourned to spread Lionism throughout our fair county.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Bridge construction complete on HWY 70

I have good news for travelers on Highway 70 between Clarendon and I-40. After around six months of one-lane-with-traffic-lights-in-the-middle-of-nowhere, the bridge over Salt Fork of the Red River is finished and open.

Thank you, TXDOT, it is smooth and gentle as you pass over and was worth the wait.

Thanksgiving will be here in a couple of weeks, and I am looking forward to turkey and dressing made by my daughter from the recipe

handed down from my mother, who got it from her mother. I have been picking up traditional items as I find them because the Internet tells me about the shortage in food we may be facing.

3D printer may be best present yet

For my birthday this year, the biggest thing I wanted was a 3D printer, but I didn't figure out which one I wanted until about a week after my birthday.

A 3D printer is a machine that takes code from a computer and prints multiple 2D images out of plastic stacked on top of each other to create 3D objects. This allows you to make potentially any shape that you want.

After a lot of research, I decided on getting an Anycubic Mega X, which is one of the biggest beginner printers, and it has a very high-

quality print. I purchased it, and it ended up coming in late. After I put it all together and got it calibrated, I began printing my first project.

My first print was a test print that came with the printer. It was two owls sitting on a log together about two inches tall. One of them is wearing top hat and the other one has a flower on top of its

Broncos District Champs

By Sandy Anderberg

The District Championship has eluded the Clarendon Broncos for 11 long years, but last Friday, the Broncos made the short trip to Shamrock and fought hard to take the top spot in the District race.

Clarendon's 42-41 win over the Irish allowed them to end the season at 8-1 overall and finish a perfect District season with four wins and no losses. The Broncos had to work hard to get the win over the Irish who did not make things easy.

Offense was the name of the game for both teams, and the Broncos racked up big yardage on the ground and in the air. Senior quarterback Brock Hatley was 10 of 13 passing for 155 yards, and the Broncos gained 274 yards on the ground. Fellow senior Jordan Herndon had a great game from his backfield position and accounted for 166 of those yards rushing on only 15 carries and one touchdown. Jmaury Davis caught passes from Hatley seven different times for 117 yards and one touchdown. Josiah Howard played a good game and was able to find the end zone on one pass for 27 yards.

The Bronco defense made big hits all night long and played a great game overall. Aiden Caudle and Herndon led the way with 11 tackles each with Caudle earning a quarterback sack and forced a fumble. Hatley was in on 10 big stops, and Rhett Caison finished with nine tackles. According to head coach Clink Conkin, the Bronco defense had several players that made several tackles.

The Broncos will play for the Bi-District title Thursday, Nov. 11, against Sunray in Bushland. Make sure to buy tickets online as no cash will be accepted at the gate.

Lady Broncos begin season with big wins over Perryton

By Sandy Anderberg

The varsity and junior varsity Lady Broncos took their first wins of the season over Perryton at home last Saturday. The varsity played hard and won big at 65-42.

Senior Madie Smith came out strong and racked up 24 points in the game. Smith hit two three-pointers in the game and went four of six from the bonus line. Makenna Shadle stayed close to Smith on the scoreboard with 16 points, which also included two three-pointers and six of eight from the free throw line.

After a close first quarter of play, the Lady Broncos exploded in the next eight minutes to go up by 16 at halftime. They outscored the Rangerettes 25-9 in the second quarter.

Finley Cunningham was perfect from the free throw line and put in 12 points to join Smith and Shadle in double figures. Courtlyn Conkin and Hayden Elam each added five points to the score, and Jayde Gribble put in three. The Lady Broncos finished the game strong while holding Perryton to only four points the final eight minutes.

The Lady Bronco junior varsity took care of business and earned a close win at 32-31. They trailed Perryton until the final minutes of the game when they took control and grabbed the momentum. Clarendon outscored Perryton by eight points in the final period of play. Kennadie Cummins put in eight points to lead the way, and Gracie Clark added seven. Elyza Rodriguez and Kimbrasia Ballard put in six apiece, and Tandie Cummins helped with five. They shot just under 50 percent from the free throw line.

The ladies will host Childress on Saturday, November 13, at 5:00 and 6:00 p.m. and travel to Nazareth on November 16.

Kids: color stuff in!

In 1803, President Thomas Jefferson and Congress wanted to learn about the western part of the country. They gave money to me, Second Lieutenant William Clark and Captain Meriwether Lewis to lead an expedition to the west. Our job was to:

- find a water route to the Pacific Ocean for trading
- map the "new" territory
- learn about the Native Americans we met along the route
- study plants and animals

Read the clues to fill in the crossword.

1. President Thomas _____, our 3rd President, wanted a group to travel and map the route.
2. _____ and Clark became co-commanders of the "Lewis and Clark Expedition."
3. The men prepared for the trip by doing research, buying _____ and hiring a keelboat built.
4. In May 1804 they began their _____ in a keelboat and two pirogues (flat-bottomed rowboats).
5. The group traveled about 15-20 miles a day. They met fur traders and peaceful _____ tribes.
6. In the fall of 1804, to get ready for _____, they built Fort Mandan near Indian villages.
7. They added a trapper to be an interpreter. His Shoshone wife, _____, pointed out landmarks and helped them talk with the Native Americans they met. She had a baby boy in 1805.
8. In March, when the _____ on the river broke, the group split and went in two different directions.
9. They met the Shoshone people, who told them to travel on land and sold them _____.
10. As they traveled, the group kept _____, logs of the animals, plants and people and made maps.
11. _____ became very hard through thick woods and bitter cold and snow. The group was forced to eat three of their horses. They met the Nez Perce Indians who fed them and saved their lives.
12. They traveled on the _____, again finding it very rough. They were battered by storms.
13. The group settled in for the winter in _____. They built a fort called Fort Clatsop.
14. During the winter, they prepared for their return trip. They got back to _____ on Sept. 23, 1806.
15. The group had traveled over 8,000 _____ in 28 months through what would become 11 states.
