Kids: color stuff in!

Do you know where the spices we use come from? How about the nuts and oils?

I've got it...errr...almost!

The holidays are full of excitement. People often share their joy with others by decorating their yards, homes and hearths. Colored lights shine from tree branches. Garlands and wreaths grace doors. Plants and flowers are brought inside to brighten and beautify rooms. Delicious smells of baking cookies and breads from the kitchen are created by spices taken from plants and trees. Plants are an important part of holiday time celebrations!

Fill in this puzzle about the parts of plants that we use in our kitchens!

## Plants at Christmas Time!

1. nuts from trees, used in making marzipan candy - a sweet paste that is shaped and colored to look like fruits, vegetables and toys
2. licorice gets its flavoring from this plant
3. buds from a bush; have a spicy taste and scent; hang an orange from a ribbon and push these into it for a nicely scented decoration
4. from a bean in a pod on a vine; used in puddings
5. has a "cool" taste; used in candies; grows in U.S. and Canada
6. ground into flour; used for cookies, cakes, gravies
7. used in candy canes, tea; thought to help settle the stomach
8. comes from cane; used for icing, lollipops
9. in pods hanging on trees; in some places, street vendors roast and sell these to eat while still warm
10. hard little seeds ground into powder - shake on eggnog
