## Where Do Animals Go in Winter?

Winter can be a hard time for animals.  
The temperature drops, ponds freeze and  
snow covers the ground. There is very  
little food to be found. What do they do?

**Read about what each  
animal does in winter, then  
fill in the crossword with  
each animal's name:**

2. I have an underground home.  
I store seeds and nuts for snacks,  
but sleep during the coldest days.

3. I eat and eat in the fall. My new  
layer of fat takes care of me  
while I sleep the winter away  
in a hollow tree or in a cave.

4. We buzz and work hard while  
the flowers are in bloom to make  
and store food. We nibble  
and nap during the winter.

5. We gather in herds in the woods.  
We stay busy in the winter, eating  
bark and twigs. Males in our herds  
lose their antlers at the end of winter,  
but grow new ones in the spring.

**What do  
they do?**

**In**

**Out**

When you are done, a word will show  
below the arrow that means the deep  
winter sleep of some animals  
(and, I think, of some people, too!).

6. I live in the land  
and carry my home  
on my back. I  
squeeze myself into  
cracks in rocks or  
into the earth. I pull  
into my shell, seal the  
opening and go to  
sleep all winter.

9. A lot of us fly south.  
Some of us will stay if  
we can find enough  
food to eat all winter.

11. I will use an old animal hole, stone  
wall, fallen tree or rocky cave to crawl  
into for my long, deep, winter sleep.

7. I use sticks, branches  
and mud to build my home.  
The entrance is in the water,  
so I can go for a swim  
even if the pond is covered  
with ice.

8. I put on my white  
coat when winter comes.  
It is hard to see me  
hopping in the snow as  
I look for weeds, buds  
or bark to eat.

10. I go to the bottom of the pond.  
I dig deeply into the mud and do  
not come out until the spring.
