Read a book about the science of physics!

Kids: color stuff in!

What do you know about physics?

It's the study of the properties of the universe, such as light, electricity, magnetism and motion.

1

I weigh more than the mice, so we will have to move the **pivot point*** of this adjustable seesaw so that they can go **down** and I can move **up**.

2

* the pivot point is called a **fulcrum**

Fun with Physics!

A Fun with Science Page

Yay! Now that the pivot point is closer to me, it takes less downward force on the mice's end of the seesaw to lift me. This is much more fun!
