...meet at the park to play games!

Kids: color stuff in!

What Are You Playing?

Careful, Petal!

Do you like to play games? Children and adults all over the world enjoy games. If you were to visit different countries and play games with the people who live there you would find games similar to those you play at home with your family and friends. The name of the game might seem strange. The rules and materials used to play the game might vary from what you would use, but the idea of the game would basically be the same.

Some adults think kids don't know how to play many games anymore. Well, sharpen your pencil and get ready to find out what you really do know.

Match the games to skills used while playing them:

- | | |
|-------------------|-------------------------|
| 1. ball games | A. singing, acting |
| 2. thinking games | B. hopping, skipping |
| 3. jumping games | C. catching, throwing |
| 4. party games | D. judging, remembering |

We use lots of skills when we play. Running, tagging, hopping, skipping, thinking, balancing, and seeking are just a few things we do while playing. There are many kinds of games. They all demand different sets of skills. **Can you study the picture clues to fill in some kinds of games?**
