What Are You Afraid Of?

Everyone is a little afraid of something...spiders, the dark, the unknown! It's okay to be afraid sometimes. In fact, it's smart to be a *little* afraid when facing a dangerous situation or a problem that you need help solving. A burning smell, a lost pet, strange sounds in the dark: all would cause anyone's heart to beat a little faster.

Once in a while someone might *learn* to be afraid of something. If you had a bad reaction to a bee sting, it would make sense and be smart to be afraid of going near a flowering bush full of bees.

Some people are so afraid of something that they cannot live normal lives. This much fear is a major problem. Strong fears are called "phobias." Have you ever heard of "**claustrophobia**?" It is the fear of being in tight or closed places.

If you are afraid of something, then you should find a good listener - parent, teacher, doctor - and talk to him or her about your feelings. If they have had a similar fear, they can tell you how they were able to deal with it. Or they may explain why something happens - like thunder and lightning - and take the scary edges off your fear.

Read the clues to fill in the crossword at the top of the page. Use the words around the frame.

1. know your limits when swimming, climbing or doing other activities so you stay ____
2. to be scared
3. ____ gets frightened at some time
4. person who will hear/help with your problem
5. strong fear that gets in the way of normal life
6. worry or feel that something bad may happen

Are you afraid of ...

1. sleeping in the ____ without a light?
2. getting a poor test ____?
3. giving a ____ in front of your class?
4. a ____ spinning a web?
5. strong ____ currents or blazing fires?
6. the ____ of a bridge you're crossing?
7. getting ____ while playing sports?
8. becoming ____ in a crowded place?
9. getting a flu ____ at the doctors office?
10. the ____ of thunder or streak of lightning?

Spiders frighten me!
