THIS WEEK

- 2 Dr. Finck takes a look at the prevailing winds of presidential politics.
- 4 A Clarendon College face retires after more than 20 years.
- 5 Hedley students advance in track and UIL.
- 6 CHS runners advance from district track.

All this and much more as The Enterprise reports in this week's amazing edition!

TxDOT to begin seal coat operations

In-house seal coat operations will begin in the Childress District beginning Monday, April 15. Various Farm-to-Market roadways in twelve counties are included in this year's project.

In Donley County the work will be performed on FM 2362 from US 287 to the Clarendon city limit.

Seal coat operations are expected to be complete by the end of May, weather pending. Drivers can see up-to-date locations on the Childress District Facebook page during the duration of the project.

Mulkey to host CHS band, OAP troupe

The Mulkey Theatre will host performances of Clarendon High School's Bronco Band and One Act Play team this week.

The Bronco Band will perform a "Family Night Out" concert on Thursday, April 11, at 7 p.m. that will feature tunes from several movies in a night of music, fun, and laughs. Admission is free, but donations will be accepted at the door for the Bronco Band Boosters.

Band supporters are encouraged to eat at REFZ on Thursday as a portion of meal proceeds that day will go to support the Boosters.

The CHS One Act Play team will perform "Taking Leave" by Nagle Jackson on Saturday and Sunday nights at 7:00. Doors will open at 6:30 p.m. both nights.

The Mulkey concession stand will be open all three nights for your enjoyment. There will be no movie this weekend.

Also, on Tuesday, April 23, Clarendon CISD will hold a Town Hall at the Mulkey regarding the upcoming bond election. The public is invited and encouraged to attend to learn more about the topic.

Sign-ups continue for Lions Jones 5K

The 12th annual Chance Mark Jones Roar & Run 5K will be held Saturday, April 27, at the Donley County Courthouse to during Child Abuse Awareness month.

Race registrations are available at the Clarendon Visitor Center at the Mulkey Theatre. Online registration is available at clarendontx.com/events.

Jackson office to be in Memphis Apr. 11

The Office of Congressman Ronny Jackson (TX-13) will hold mobile office hours for this week in Memphis hosted by congressional staff. The mobile office will be in the Memphis City Library on Thursday, April 11, from 10 a.m. to 2 p.m. at 303 S. Eighth Street.

For information call (806) 641-5600.

Donley County Deputy Bernard Rivera holds Elyza Rodriguez as she reacts to seeing a "deceased" Harrison Howard following a mock accident staged by Clarendon High School Monday afternoon.

Two 'die' in mock accident

Program teaches teens dangers of drunk driving

As the moon partially extinguished the sun's glow Monday afternoon, a mock accident staged by Clarendon High School "snuffed out" the lives of two students.

The solar eclipse captured the attention of millions across the country, but as the sky darkened, it gave an exceptionally eerie feeling to the scene setup behind the Clarendon CISD D-wing.

The Shattered Dreams program illustrated the dangers of drinking and driving by staging a crash and the resulting efforts of first responders in full view of the student body, who had been given glasses were released from class to see the eclipse.

The drama that unfolded was fully explained Tuesday morning during a "memorial" service at the First Baptist Church, where friends and families mourned a real sense of loss for seniors Harrison Howard and Jared Musick, who had been pronounced "dead" Monday afternoon.

The situation had Kinzie Harred and Elyza Rodriguez portray two students who had been drinking during their lunch hour. Harred was driving and Rodriguez was her passenger when their speeding vehicle ran into a pickup driven by Harrison. He was thrown through the windshield and killed instantly while his three passengers were injured. Musick, thrown to the parking lot, was airlifted but later died. Heston Seay and Jaxan McAnear were extricated from the backseat of the pickup and lived through the accident.

Rodriguez was hysterical after regaining consciousness, and Harred was given a mock field sobriety test, arrested, and booked into the Donley County Jail. She later commented

that it was crazy how one decision could cause all of this. In the simulation, she was charged with two counts of intoxicated manslaughter and two counts of vehicular assault and sentenced to prison for her felonies.

Shattered Dreams is designed to educate students, parents, and the community about the serious issue of underage drinking and driving. The program provides realistic experiences, encouraging students to make positive choices. The program is typically held prior to a school's prom, when teenagers are most likely to consume alcoholic beverages. TxDOT partners with local law enforcement and first responders to provide the program. TxDOT's Traffic Safety Specialists work with schools who are interested in presenting the program to their students.

In addition to the six students with active rolls in the accident, eight other students were removed from their classes throughout the day to represent the fact that an average of eight teens a day die in the US from alcohol related accidents.

CHS Student Council President Courtlyn Conkin, who helped lead this year's Shattered Dreams program, dressed up as the Grim Reaper and removed selected students from class each period as a heartbeat flatlined on the PA system. Those students were Dalton Coles, Tristan Richie, Gracie Clark, Colton Benson, Kennedy Hays, Tandie Cummins, Morgan Johnston, and Levi Gates.

Also participating in the program was a film crew comprised of Jacob Murillo, Avery Halsey, Ben Estlack, Cutter Seay, and Waite Dushay.

Top Photo: Trooper Lynn Mays gives a mock field sobriety test to Kinzie Harred. Bottom Photo: Emergency personnel tend to an "injured" Heston Seay.

ENTERPRISE PHOTOS / ROGER ESTLACK

All students involved in the program were secluded from Monday morning through the memorial service, driving home a sense of loss between the kids and their friends and families.

Student testimonials at the memorial service demonstrated the emotional impact that the two-day program had on the teens.

The program included assistance from the Associated Ambulance Authority, the Donley County Sheriff's Office, the Clarendon

Volunteer Fire Department, the Department of Public Safety, Robertson Funeral Directors, the Texas Department of Public Safety, Judges Pat White and Sarah Hatley, and Northwest Texas Hospital's LifeStar helicopter, which landed near the scene.

Texas leads the nation in alcohol-related deaths among 15- to 20-year-olds, and one person was killed in 2022 in an alcohol-related accident every seven hours and one minute.

CHS claims district UIL championship

Clarendon High School claimed the District 2-2A Championship during UIL academic competitions held last Wednesday, April 3, at Clarendon College. CHS competed against Memphis, Shamrock, Quanah, Wellington, and Wheeler and came away with 460 points.

Lincoln Douglas Debate started the competition on Tuesday, April 3, with Hunter Caison earning first, Zak Roberts second, and Rowdy Bebout fourth. Caison and Roberts will advance as regional qualifiers.

Ben Estlack, Ronan Howard, Parker Haynes, and Cutter Seay earned first Place Team in Number Sense. B. Estlack got third, Howard received fourth, and Haynes placed sixth. This team is a regional qualifier. The Mathematics team received first Place Team and will be regional

qualifiers. B. Estlack won first, Toby Leeper obtained sixth while Howard and Mason Allred are the other two team members advancing.

Wes Shaw and Millie McAnear participated in Poetry and Prose Interpretation respectively. Shaw earned first while McAnear placed fourth. Seay got first in Informative Speaking and Hayden Moore was fifth. In Persuasive Speaking Caison earned third and Zane Cruse won fifth place. Caison, Seay, and W. Shaw will advance as a regional qualifier. Sp eaking events earned first place team.

Riley Jantz secured a second place finish in Current Issues and Events and will advance as a regional qualifier. Jasmyn Bordonaro placed second and Seay won third in Social Studies. The Social Studies Team

Clarendon High School district UIL competitors.

COURTESY PHOTO

earned first place with Ella Estlack and Emma Roys joining the other two as regional qualifiers.

Accounting placed first as a team and will advance to regionals. Jacob Murillo, Koltyn Shields, Kaleb Mays, and Bryce Williams placed first, second, third, and fourth respectively.

Journalism won first place Team. In Copy Editing, Avery

Halsey earned first, Maloree Wann earned third, and Kate Shaw received fourth. W. Shaw and E. Estlack placed first and second in Feature Writing while Halsey acquired first in Editorial Writing. Murillo earned first, Berkley Moore got fourth, and Kenidee Hayes took fifth in Headline Writing. Halsey, E. Estlack, Murillo, W. Shaw, and Wann are regional qualifiers.

Leeper, Roberts, Gracie Clark, and B. Estlack make up the Science team advancing to regionals. Leeper earned first, as well as Top Biology individual. Roberts placed second, and Clark earned fourth.

CHS had 36 students compete at the district meet with 20 advancing in 14 events. Regionals are on April 26 on the campus of West Texas A&M University in Canyon.

Town halls next week on May tax elections

Town halls will be held in Hedley and Howardwick next week to discuss the proposed sales tax-funded county assistance districts in those cities as well as the Clarendon CISD bond election.

The Howardwick meeting will be held at City Hall on Tuesday, April 16, at 5 p.m. Refreshments will be served, and county officials will discuss the County Assistance District proposal first, followed by CCISD officials discussing the \$11.7 million bond election.

The Hedley meeting will be on Thursday, April 18, at 5 p.m. at City Hall.

Sheriff Butch Blackburn and Judge Howard will both be present to answer questions regarding the May 4 election to create three County Assistance Districts in the City of Howardwick, the City of Hedley, and all of unincorporated Donley County outside of Howardwick, Hedley and Clarendon.

The districts, if created by election, will authorize a sales tax of 1.0 percent in Howardwick and Hedley and 2.0 percent in unincorporated Donley County.

Howard says the sales tax created will be used for support of law enforcement and allow the county to keep property taxes lower.

Property tax renditions due April 15

Texas Comptroller Glenn Hegar reminds business owners that April 15 is the deadline to file property tax renditions with their county appraisal districts.

A rendition is a list of the taxable inventory, furniture and fixtures, machinery, equipment and other property owned or managed as of Jan. 1 each year.

The appraisal district may use the information to set property values.

Rendition forms and decreased value report forms are available from county appraisal district offices statewide and can be downloaded at the Comptroller's property tax forms webpage.

For more information about property renditions, deadlines, and other issues, taxpayers may contact the Comptroller's Property Tax Assistance Division at 800-252-9121 (press 3) or visit the division online or call the Donley County Appraisal District at 806-874-2744 or visit donleycad.org.

Testing out the prevailing political winds

In a recent CNN interview, Alaska Sen. Lisa Murkowski hinted that he she is considering leaving the Republican Party. Murkowski has been a long-time opponent of former President Donald Trump and is struggling with the idea of Trump leading her party.

Murkowski, who was an avid Nikki Haley supporter, claims she is not the only Republican frustrated with the GOP's direction in supporting a controversial candidate like Trump, but she is not considering joining the Democratic Party either.

historically speaking
by dr. james finck

It should not be surprising that another president, Andrew Jackson, who had a large yet antagonizing personality, also caused dissatisfaction. Anyone who reads this column knows that one of the presidents I most compared to Trump was Jackson.

Tyler entered politics in 1816 as a representative to Congress and part of the Jeffersonian Republican Party. Like his fellow Virginians, he was a strong supporter of states' rights and believed in a strict interpretation of the Constitution.

While Tyler had always supported the Republican/Democrats, he started to find himself at odds with Jackson. While Jackson claimed he supported small government, his beliefs only seemed to apply to Congress and the courts.

Back in 1828, before Adams left office, he signed into law a high tariff that became known as the Tariff of Abominations by Southerners. Adams' vice president, John C. Calhoun, led the attack against the tariff but only went so far knowing that when Jackson took office, he would rectify the problem.

Jumping ahead to 1840, the Whig Party was looking for a first win, so they stole the Democrats' handbook and ran a military hero from Ohio, William Henry Harrison, the hero of the Battle of Tippecanoe.

Because the Constitution did not say the vice president would become president, only exercise the power, many cabinet members felt they should have the true power and wanted Tyler to clear all decisions with them.

It is unsure what will happen with Murkowski. She has not given any reason to think she would ever become a Democrat. But in a world of polarization, someone like her who could unite and pull from both sides of the aisle might look tempting for a party looking for a V.P.

Prescription take back day April 27

By Stephanie Taylor, Texas Health and Human Services' Aging Services Coordination

The National Prescription Drug Take Back Day initiative encourages people to remove unneeded medications from their homes to prevent medication misuse. This biannual event occurs in April and October, with the next National Prescription Drug Take Back Day on April 27.

The event aims to collect potentially dangerous expired, unused and unwanted prescription drugs for destruction at sites across the nation. Locations include police departments and sheriff's offices, municipal buildings, pharmacies and other health care settings.

For the 25th National Take Back Day on Oct. 28, 2023, Texas hosted 227 of the 4,675 collection sites in the U.S. In Texas alone, 41,554 pounds of unneeded medications were dropped off at collection sites.

National Take Back Day is just one of several initiatives in Texas that strive to prevent or treat substance use disorders.

In May 2017, the Texas Health and Human Services Commission (HHSC) established the Texas Targeted Opioid Response (TTOR) public health initiative to save lives and provide lifelong support to Texans with opioid and stimulant use disorders.

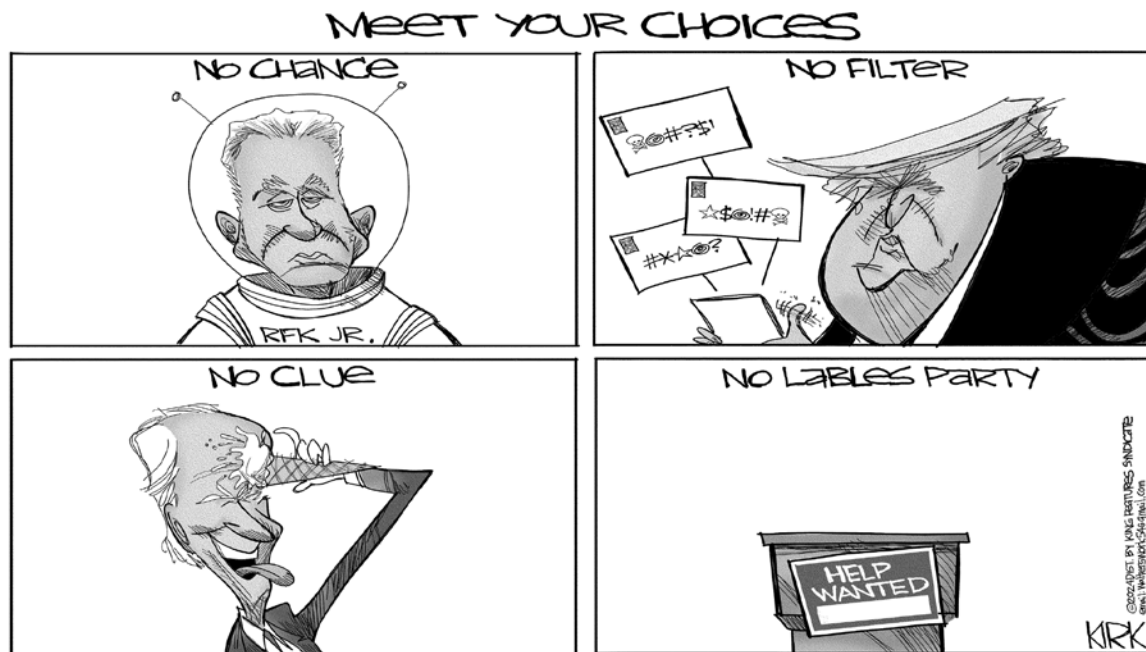

Among TTOR initiatives is the Safe Drug Disposal and Community Awareness project, which seeks to increase access to safely disposing prescription medications to prevent their non-medical use.

The University of Houston College of Pharmacy established the Prescription Drug Misuse Education and Research (PREMIER) Center to reduce the risks of prescription drug misuse. The PREMIER Center works with local community prevention groups like hospitals, physicians' offices and pharmacies.

two types of at-home disposal options are deactivation pouches and mail-back envelopes.

The U.S. Drug Enforcement Administration (DEA) encourages you to "Make Every Day Take Back Day" by visiting their website and finding a local pharmacy, hospital or business registered federally as a year-round drop-off location.

For more information on where and how to dispose of unused medicines, go to the U.S. Food and Drug Administration website. To learn more about mental health and substance use services for families and people of all ages, visit the HHSC website.

3 TYPES OF PEOPLE FREAKED OUT BY SOLAR ECLIPSES:

The eclipse in our rearview mirror

Enough already. The eclipse of April 8 has been smothered with coverage by both mass and social media. Americans - some who flail at things that go "bump" in the night - yearned for even more darkness!

'Twas sheer folly for most of us, but millions thought otherwise, rushing in to swell populations by three and four-fold in some cities and towns. And folks who had something to sell had field days, dwarfing the much-discussed effects of inflation.

Motel rooms for April 8 were sold out months ago, and some car rentals cost \$600 a day. Hertz reported a 3,000% increase in advanced bookings. Eclipse-seekers were happy to sign every contract they saw....

Such exorbitance brings to mind a story told by an avid bird hunter, who bragged to his wife that he lowered the family meat budget with his kill.

"Not so fast, Felix," his wife responded. "As I recall, last year you bought a new shotgun, spent a few hundred dollars on a hunting lease, took off a day from work to drive 150 miles, fire six shots and bag three birds."

"But April 8 was the only chance we had to see a full eclipse," one guy

moaned. "The previous total eclipse was in 1878, and there won't be another one until 2317."....

the idle american
by don newbury

This year, Dallas was the largest city totally darkened when the moon - 400 times smaller than the sun - orbited 400 times closer to the earth.

We were warned repeatedly about the danger of staring at the sun, so most of us didn't.

About 31 million Americans and 12 million Texans were affected by the eclipse....

While on topics astrological, I can't shake a television interview a couple of decades ago with a 100-year-old woman, long known for her cynicism and negative views on all topics.

She was asked about her memories, which were all negative. "All Thanksgiving Holidays were blighted by too much sage in the dressing and I never got to the stores before they ran out of Cabbage Patch dolls," she moaned.

After much thumb-twiddling and staring round about, she finally answered, "Well, I did see Halley's Comet back in 1986, but just from a distance."....

With all the attendant angles about the temporary darkness, it is important to mention darkness in the political world. It never goes away.

My Uncle Mort phoned the other day. He wanted to know if I'd heard about the name of an unlikely presidential candidate. He mentioned that a Texas public school teacher has changed his name to "Literally Anybody Else," and that it will appear on the ballot.

"Sounds good to me," Mort snorted. "Now I've got someone to root for," greatly disappointed by most elected officials at both national and state levels....

Much-maligned AT&T used the eclipse positively, offering a free watch party featuring former NASA astronaut Jose Hernandez. He answered children's questions about science and technology. After being turned down 11 times for NASA astronaut training, he worked on various assignments until his 2008 selection as a mission specialist on the STS-128 mission to the International Space Station in August, 2009.

Eclipse glasses were given to the first 4,000 attendees....

Dr. Newbury, longtime university president, speaks throughout Texas, and his weekly piece of humor and inspiration is the state's longest-running syndicated column. Contact: 817-447-3872. Email: newbury@speakerdoc.com.

Distracted driving trending downward

You know that feeling of being bored behind the wheel? So bored that you just can't help but check your phone? Yeah, that feeling. Instant gratification is only inches away, right up to the moment your car is airborne at 70 mph.

Nearly 400 people lost their lives last year in violent and preventable crashes, because of distracted driving in Texas. That text is not important. That video is not important. But you are that important to your friends and family. Being bored behind the wheel is better than being dead or hurting others, isn't it?

In March 2016, a driver checking her cellphone crashed head-on into an 18-wheeler, killing her passengers. Those passengers were Stacey Riddle's daughters, 19-year-old Brianna Robinson and 17-year-old Jade Robinson. The two died while traveling home from a spring break trip to South Padre Island. And in that instant, Riddle's life was never the same.

"I keep waiting for Brianna and Jade to walk through the front door, but I know they never will again," Riddle said. "People are constantly on their cellphones. They don't consider that using their phones while driving can have tragic, life-changing consequences."

During Distracted Driving Awareness Month TxDOT is reminding everyone to stay focused behind the wheel with the Talk. Text. Crash. campaign. Every year we send out these messages during April to remind people to put their phones down. While we did see an 18% drop in fatalities last year, it's not enough. Nearly 400 people lost their lives last year because of distracted driving in Texas and nearly 2,800 others suffered serious injuries.

"Any loss of life is tragic but imagine killing or seriously injuring someone else because you thought you could text and drive at the same time," said TxDOT Executive Director Marc Williams. "When you're behind the wheel, you need to be focused on only one thing: driving. Looking at your phone, eating or adjusting your music can wait until you're safely parked."

It's important to remember that texting while driving is also a crime. If someone is caught reading, writing or sending a text while driving in Texas, they can face a fine of up to \$200 and many cities outlaw any use of a handheld device while driving.

The Talk. Text. Crash. campaign will travel around the state with an interactive exhibit featuring a distracted driving simulator that allows participants to experience the dangers of inattentive driving firsthand.

TxDOT urges drivers to put their phones away and remember these tips to keep our roads safe:

Full attention – ANY distraction is dangerous, whether it's your phone or anything else that takes your eyes or your mind off the road.

Phones down – turn it off or use your phone's settings to block texts and calls while driving.

Pull over – come to a complete stop before you use your phone, eat or do anything that interferes with driving.

Tell them – friends, family and coworkers that you won't respond to texts or calls while driving.

TxDOT's Talk. Text. Crash. distracted driving awareness campaign is a key component of #EndTheStreakTX, a broader social media and word-of-mouth effort that encourages drivers to make safer choices while behind the wheel to help end the streak of daily deaths. Nov. 7, 2000, was the last deathless day on Texas roadways.

For inquiries, contact Ginger. Wilson@txdot.gov or (940) 937-7288.

Time to prepare for garden is now

April is National Gardening Month, so if you're not already a gardener, now is the perfect time to try your hand at developing a green thumb. Experienced gardeners, in addition to "spring cleaning," may want to learn a new skill or expand the scope of their gardens.

Stein said If you are ready to give gardening a try, the most important factor is to start small. He suggested a plot of 10 feet by 10 feet but no more than 20 feet by 20 feet to start. He also advised only planting what you like, whether that be vegetables you'll want to eat, a pollinator garden to attract butterflies, or plants and flowers you find attractive.

Stein said studies show the cost is around \$70 to get started gardening and most people realize at least a \$600 value from that activity. The most popular garden crop is tomato, followed by cucumber and sweet peppers.

Stein offered the following tips for gardeners this month.

1. Prune spring-flowering shrubs soon after flowering. Keep the natural shape of the plant in mind as you prune and avoid excessive cutting except where necessary to control size. Wait to prune fruit trees if you're in an area that has delayed or protracted blooms due to the lack of chilling temperatures; you'll want to see what the final bloom/fruit set will be first. Climbing hybrid tea roses may be pruned as soon as they complete flowering.

2. Fertilize trees and shrubs.

Place fertilizer at the drip line and be sure to water it in. As soon as azaleas have finished flowering, apply an acid-type fertilizer at the rate recommended. Don't over fertilize, as azalea roots are near the surface and damage can occur. Water thoroughly after fertilizing.

3. Care for your roses. Roses have high fertilizer requirements and need a complete fertilizer for the first application as new growth starts. Then every four to six weeks use ammonium sulfate or another high nitrogen source as the subsequent growth cycles start following a flowering cycle. Ideally, use a slow-release product. For organic sources use cottonseed, rotted manures or alfalfa meal. Rose varieties susceptible to black spot will need a spray treatment of fungus control every seven to 10 days. Many of the old garden rose varieties and some of the newer ones have considerable resistance to black spot.

4. Be prepared to battle pests. Soon bagworms will attack junipers and other narrow-leaved evergreens; control measures should be applied while the insects and bags are about one-half inch in length. Check plants' new tender growth for aphids. A few can be tolerated, but large numbers should be controlled. Always follow label instructions on approved pesticides for control. Washing plants with a strong spray of water may sometimes be all that is necessary for adequate control. If caterpillars start to attack live oak

trees en masse, it can be very alarming, but usually nothing can be done about it. A healthy live oak will usually regrow its leaves and resume normal activities.

5. Sow warm-season annual ornamental seeds directly into beds. These include Amaranthus, celosia, cosmos, marigold, portulaca and zinnia. Keep seeded areas moist until seeds germinate. Thin out plants as soon as they are large enough and transplant surplus to other areas.

6. Buy annuals with buds but not open flowers. Select short, compact plants and any existing flowers should be pinched to give the plants the opportunity to become established. These annuals will provide your garden with beautiful color in no time.

Just as your house may need a thorough spring cleaning about now, so may your garden.

If spring cleaning includes your indoor plants, Stein said when moving houseplants outside to be repotted, remember not to place them in direct sunlight. Tropical plants, however, usually can be placed in containers in full sunlight for a dazzling display of summer color.

For gardeners who make their own mulch, Stein suggested they continue to collect fallen leaves and catkin blooms as organic materials.

Whether for creating new beds, replenishing beds or filling pots and containers, purchase new soil now as needed. However, Stein stressed, it needs to be examined closely.

McKinney's service recognized

Great Western Dining Vice President Nathan Bush (left) and Clarendon College President Tex Buchaults (right) recognized Gina McKinney during a retirement celebration for her last week. McKinney stepped down after serving with Great Western for more than 20 years.

Lady Broncos win battle on the mound

By Sandy Anderberg
 The Lady Broncos squeezed by Sunray 8-7 in a district game last week that saw 18 hits from both teams.
 Pitcher Kennadie Cummins threw all seven innings allowing 10 hits and seven runs. Cummins had four strike-outs in the game to get the win. Each team's pitchers did a good job on the mound as they each gave their all facing batter after batter.
 Sunray struck first in the open-

ing inning with two runs scored. Neither team scored in the second inning going three and out on both sides. Cummins went three and out again in the top of the third to hold the Lady Cats away from home plate. That solid pitching led to the ladies to get on the board after Bayleigh Bruce drives one to right with three strikes against her. K. Cummins was the next batter and sent out a pop fly that scored Bruce. Cummins would score a run to tie the game.

After scoring five runs in the fourth, things looked grim for the Lady Broncos, but a huge double from Shelby Christopher and a single from Gracie Smith allowed Christopher to get home before the inning ended on the next at bat.
 K. Cummins recorded a triple in the bottom of the fifth to add another run and the ladies got offensively aggressive in the bottom of the sixth to take the lead for good. Smith was able to hit a sacrifice fly

that scored Elliot Frausto to things moving before K. Cummins slams another triple to score one run that allowed Elyza Rodriguez to bring her home.
 Bruce had the only stolen base for the Lady Broncos and Smith and Tandie Cummins posted two RBIs each. As a team, the ladies collected eight runs and eight hits with zero errors.
 The Lady Broncos will travel West Texas at home Friday.

Benson, Bolin claim championships at district

By Sandy Anderberg
 Clarendon junior Madi Benson had a good day on the track as she claimed the District Championship in both the 400m and 1600m races.
 Benson's time in the 400m was 1:01.83, and she ran the 1600 meters in a time of 6:02.32. Benson will participate in the Area round on April 10 in Wellington.
 Also joining Benson will be Elliot Frausto who finished second in the 1600m with a time of 6:09.30. Both Lady Broncos have been running well all season.

Kate Shaw finished second in the shot put with a distance of 33'1" to advance to the Area round, and Jayla Woodard will advance with her fourth-place finish in the long jump at 14' 1/2". Elliott Frausto earned her spot in the 1600m finishing right behind Benson for second place with a time of 6:09.30.
 Bronco Kaleb Bolin, who is also having a good season, took first place in the 400m run to claim the District championship. Bolin's time of 52.71 was two seconds ahead of the second-place finisher. Bolin

is also a member of the mile relay that finished second at the district level with a time of 3:36.41. Others on the relay are Kaleb Mays, Shane Hagood, and Brice Wagner.
 Jaxan McAnear placed third in the 800m run with a time of 2:15.41 and will advance and Lyric Smith's fourth-place finish in the 100m allows him to compete at the next level. Mays was second in the 100m with a time of 11.00 to advance. Bryce Williams will compete in the 800m run, the 1600m, and the 3200m run. Williams' time

of 2:11.47 put him in second at district and he finished fourth in both the 1600m and 3200m with times of 5:14.00 and 11:18.
 Wagner took fourth in the 200m at 23.91 and his jump of 19'9" was good enough to advance in fourth place. Mason Sims cleared 6' in the high jump and finished third to advance and Smith jumped 5'11 to advance as well. Sims also qualified in the 110m hurdles at fourth place with a time of 17.75.
 Congratulations to all the qualifiers and good luck at the Area meet.

Broncos crush Memphis

By Sandy Anderberg
 The Broncos had a whopping 15 hits and no errors in their huge win over Memphis at 24-1. The Cyclones only run came in the second inning with bases loaded.
 Mason Allred got the call for the first two innings and only allowed two hits, one run, and one strike out. Mason Sims came into the game and earned two strike outs. Grant Haynes cleaned up for one inning and threw one strike out.
 The Broncos were strong to say the least at the plate. They were able to hit the Cyclones' pitcher easily and put men on the bases. Levi Gates stepped up to the plate in the first

inning with two outs and hits a fly ball to left field that scored Easton Frausto and Harrison Howard. Gates finished the game with one home-run, five RBIs, three singles, and one stolen base. Jared Musick also recorded a home run to left field that scored two other runners in the bottom of the fourth.
 Musick, Braylon Rice, and Frausto hit doubles with Musick and Gates posting seven and five RBIs respectively. Bryce Williams finished with three hits and two RBIs and Frausto, Musick, and Haynes, accounting for four runs each.
 The Broncos will take on Shamrock at home on April 12 at 4:30 p.m.

AAF seeking grant applications from charities for Pantex

The Amarillo Area Foundation (AAF) announced on Tuesday a Request for Proposals (RFP) for grant applications on behalf of Consolidated Nuclear Security, LLC, the company responsible for the management and operations of the Pantex Plant.
 The Advisory Committee for the CNS Pantex Community Investment Fund, a component fund of the Amarillo Area Foundation, will entertain proposals from nonprofit and charitable institutions throughout the twenty-six northernmost counties in the Texas Panhandle (individuals and non-charitable organizations are not eligible).
 Grant amounts will range from \$2,500 to \$10,000. Organizations who fit the eligibility requirements and whose work is in line with the priorities are encouraged to apply. Only one application per organization will be accepted. Prior recipients with an open CNS Pantex grant will not be eligible. General operating support is a low priority. The priorities for funding are:
 Basic Needs (Food, Clothing, and Shelter); Children, Youth, and Family; Community Development; Education; and Health and Wellness.
 Priority will be given to proposals from organizations located and operating in one of the twelve contiguous counties surrounding the Pantex Plant with preference given to projects that serve multiple priority counties. These counties are Armstrong, Carson, Deaf Smith, Donley, Gray, Hall, Hutchinson, Moore, Oldham, Potter, Randall, and Swisher.
 Applications are available online at [aaf.spectrumportal.net](https://www.aaf.spectrumportal.net) and are due May 10, 2024, by noon. See <https://www.amarilloareafoundation.org/cns-pantex/> for more information on the CNS Pantex grant program. To register or log in to the Spectrum portal, click on <https://aaf.spectrumportal.net/>. If you have any questions, please contact Beth Gunn at 806.376.4521 or beth@AAF-HF.org

Swing Into Spring!

I love the spring! Wind gusts lift kites high into the sky. Sunlight hours are longer so I get to play outside a little later in the day. The temperatures are warmer and many kids only need to wear sweaters or light jackets. Rain showers form puddles and I can slide in the mud!

In early spring, you'll notice many changes.

Read the clues below to fill in the crossword puzzle:

- crocuses, daffodils
- break out of an egg
- lawn "weed" with a bright yellow flower
- _____ grow longer (waking hours)
- color of grass and leaves
- tree frog with a high-pitched chirp
- shrub with soft, gray "flowers" (2 words)
- melts into water
- when you feel heat you feel _____
- beginning stage of leaf
- home that birds build
- clay or dirt mixed with water
- grow shorter (sleeping hours)
- falling drops of water

Wow! He's a big frog in a small pond!

Many baby animals are born in springtime.

Spring has sprung! Spring into action, everyone: skateboard, play ball, hopscotch, garden, fly kites, ride bikes, mini-golf - and bring a friend, too!

Pantex efforts raise funds for wildfire relief

Bechtel-led Consolidated Nuclear Security, LLC, the management and operating contractor of the Pantex Plant in Amarillo, Texas, and the Y-12 National Security Complex in Oak Ridge, Tennessee, has joined with its parent companies to raise money to support wildfire relief efforts in the Texas Panhandle. A series of fundraising initiatives are underway.

The Bechtel Group Foundation, the charitable arm of CNS parent company Bechtel, has already donated \$25,000 to Hutchinson County United Way (Texas) and will match up to \$25,000 in additional funds donated by its employees around the world and at an upcoming Pantex fundraiser. Leidos, a CNS parent company, has also donated \$10,000 to the United Way of Hutchinson County.

CNS also hosted a fundraiser at Pantex on Thursday, April 4. Proceeds from the sales of t-shirts as well as a portion of sales from Pantex's cafeteria and more than a dozen food trucks at the event will go toward the wildfire relief efforts through contributions to the United Way of Hutchinson County and the Amarillo Area Foundation. CNS will match up to \$10,000 raised during the Pantex event.

There was no damage to Pantex property, and no Pantex employees were injured at the plant as the wildfires abated about three miles from the plant's boundary. However, the Pantex Fire Department built firebreaks, prepared the plant for the fires, and responded to communities near the plant. Several Pantexans suffered property losses and minor injuries as a result of the fires.

"For those of us at CNS, the story hit close to home as we watched while the fires burned close to the Pantex Plant near Amarillo," CNS President and CEO Rich Tighe said. "We are pleased to support the upcoming Pantex event to help raise funds for Panhandle residents affected by the wildfires."

"There has been an outpouring of Panhandle pride and spirit through donations, volunteer efforts, and assistance coming in from all over the area and across the state," CNS Pantex Site Manager Colby Yeary said. "We wanted to show our own support to our communities in need through our own fundraising efforts. Wildfires will always be a part of Texas Panhandle life, but it's comforting to know that when disaster strikes, we rise united."

The Clarendon Lions Club held its Tuesday noon meeting April 9, 2024, with Boss Lion David Dockery ringing the bell.

We had 14 members present, one attending virtually, Sweetheart Emma Roys, and one guest this week - Maggie Rich of Coffee Memorial Blood Center.

Ms. Rich spoke about the upcoming Clarendon Community Blood Drive on Thursday, April 18, from 2:00 to 6:00 p.m. at Lowe's Family Center at the Bloodmobile. This drive is sponsored by the Lions Club, and she said the last blood drive one was one of the most successful drives ever in our community thanks to the efforts of Lion Ted Shaller in getting the word out.

All donors will get a free t-shirt and a one free ticket to both AMP'd in Amarillo and the zoo in Oklahoma City. Call 877-340-8777 or go online at obi.org to schedule your donation at the drive.

Community reports were given by Lions John Howard, Landon Lambert, Machiel Covey, and Richard Green.

With no further business, we were adjourned to spread Lionism and good cheer.

Ashlee Estlack and Terri Woodruff prepare t-shirts for distribution during the Pantex employee fundraiser Thursday. COURTESY PHOTO

SUDOKU
Fun By The Numbers
 Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

1			6					3
					4			9
6					7			2
	8							
4	7	1		5	3			
3	5							1
		2						
8	3				1			6
		7					5	

Level: Intermediate

Here's How It Works:
 Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

9	6	7	2	3	8	5	4	1
8	3	4	5	6	1	2	7	9
5	1	2	4	7	6	8	9	3
3	5	9	7	6	9	1	4	1
