At Sea and Shore

Hey! Look at that! You never know what you'll see in the sky, on the shore and even in the sand when you go to the seashore. What you see may depend on whether the tide is going out or coming in. Study the area where the land meets the sea. Is it rocky with waves crashing or is it a long stretch of white sand peacefully meeting the water? You might watch little crabs hiding and scurrying in the rocky areas. Different kinds of shells might be easier to find along sandy stretches. It's fun to find driftwood too!

Cool! A blimp.
